**FIRST AID**

**IF IN EYES**

Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.

**IF ON SKIN OR ON CLOTHING**

Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

**IF SMALLOWNED**

Immediately call poison control center or doctor. Do not induce vomiting unless told to by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

**IF INHALED**

Move person to fresh air. If person is not breathing, call 911 or an ambulance; then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

**HAZARDS TO DOMESTIC ANIMALS**

Some materials that are chemical-resistant to this product are barium-laminates or Viton. If you want more options, follow the instructions for Category G on an EPA chemical resistance category selection chart.

All mixers, loaders, applicators and other handlers must wear:

1. Long-sleeved shirt and long pants.
2. Shoes plus socks.
3. Chemical-resistant gloves for all handlers (such as barrier laminate or Vitron) [Section Category G].
4. Chemical-resistant apron for mixers/loaders, persons cleaning equipment and persons exposed to the concentrate.

**USER SAFETY RECOMMENDATIONS**

Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Take off contaminated clothing. For brush treatment, all parts of wood surfaces should be thoroughly treated.

**USER SAFETY RECOMMENDATIONS**

Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove pesticide waste laden gloves. Wash thoroughly and put on clean protective gear. Remove pesticide waste laden gloves. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothes.

**STORAGE AND DISPOSAL**

Do not combine with other pesticides, fertilizers, water, food or feed by storage or disposal.

**STORAGE**

Do not store below 10ºF (-12ºC). Do not store near open flame or hot surfaces. Keep out of reach of children and animals. Store in a cool dry and secure environment. Outdoors, open containers. After partial use, close tightly. Do not put contaminated material into food or drink containers. In case of spill, call a poison control center or doctor for treatment advice. Carefully open containers. After partial use, replace lids and close tightly. Do not put concentrate or dilute material into water, food or feed containers. In case of spill, call a poison control center or doctor for treatment advice. To confine spill: If liquid, disperse using water and sorbents with sand, soil or sorbent. For dry material, cover with absorbent and keep out of reach of children. Pesticides are toxic. Dispose of improper disposable pesticides, sprays, mists, or as a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Federal Environmental Protection Agency, or the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL**

Non-refillable container: Do not reuse or refill container. Container must be disposed of properly. It is a violation of Federal law to use this product in a manner inconsistent with its labeling. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**ENVIRONMENTAL HAZARDS**

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters.

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, coasts, or other waters unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previous notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply the product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

**DISCLAIMER**

Seller (whether manufacturer, distributor, or other) makes no warranty express or implied, including the implied warranty of merchantability, regarding this product except the composition as set forth in the ingredient statement herein and shall not be liable for special or consequential damages, the remedy being the replacement of the product. Buyer or user assumes all risk of possession, handling or use of this material when such use and/or handling is contrary to label instructions.
