Net Weight: Manufactured for: Kop-Coat, Inc. Protection Products Division 3040 William Pitt Way Pittsburgh, PA 15238 412-227-2700

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other water unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or reinate.

GENERAL INFORMATION

PRODUCT: The following are suggested use levels for Woodtreat® 40-I. Typical use levels given for the various applications indicate the approximate levels for the particular application. All suggestions are given in percentage weight and refer to the product Woodtreat® 40-I. USE IN ORDER TO DETERMINE THE MOST COST EFFECTIVE USE LEVEL FOR WOODTREAT® 40-I IN A GIVEN USE, FIELD TRIALS ARE SUGGESTED.

APPLICATION INSTRUCTIONS

PAINTS AND STAINS: Generally use 0.4-1.2% or 4-12 pounds of Woodtreat® 40-I per one hundred gallons. For hot, humid areas, use up to 2.0% (20 lbs). For interior paints use 0.2-0.4% (1-4 pounds). For wood protective stains use 0.8-1.2% (8-12 pounds) of Woodtreat® 40-I.

PLASTICS: Use in PVC plastics such as shower curtains, tarpaulins, umbrellas at a level of 0.5-2.5%

WOOD: For above ground use only at rates of 0.5-2.0% depending on protection. For sapstain control, use 0.5% within 24 hours of cutting. For millwork, use 0.5%. Do not apply to wood surfaces that come into contact with food.

PAPER COATINGS: For use in non-food contact coatings only. Use in aqueous and solvent-based coatings applied to paper at 0.05-0.75%

CANVAS AND CORDAGE: Use 0.5-2.0%

ADHESIVES: Use 0.05-0.2%

INKS: Use 0.05-3.0%

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to crystalize at low temperatures. Storage temperatures below 90°F (32°C) and above 125°F (52°C) are suggested.

PESTICIDE DISPOSAL: Pesticides wastes are acutely hazardous. Improper disposal of excess pesticides, spray mixture, or rinsate is a violation of federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control authority or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse as follows: Empty the container. Turn the container over onto its other end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinse water into application equipment or a mix tank or store reisate for later use or disposal. Repeat this procedure two more times. Then offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.
