Do not apply to puppies less than 10 weeks of age. Do not apply this product to animals other than dogs/puppies. Do not apply to puppies weighing less than 13 lbs. Do not allow your dogs/puppies to ingest this product. Do not apply on animals with lice or ticks.

If people or pets are not treated for all fleas, the treatment will be inadequate.

The Vet-Kem® Applicator is specially designed to make applying flea and tick control easy and more precise than ever before. Simply insert the appropriate hole for your dog’s breed size, close the lid and snap it securely to the applicator. The applicator’s ergonomic, contoured shape makes it easy to grip and the soft tip helps to spread the dog’s/puppy’s hair to allow the liquid to more evenly reach the skin. The hole is sealed inside, so you can be confident that the liquid goes only to the dog/puppy’s coat— not your hand. Plus, the applicator is laid down on a table, counter or other flat surface, it won't run out or drip. Vet-Kem Plus, if the applicator is laid down on a table, counter or other flat surface, it won't run out or drip. Vet-Kem

Applies with Easy Grip and Built-in tip

Do not apply  excessive amount of the solution at any one spot that could cause some of the solution to run off the side of the dog/puppy. Do not spread this product by hand over the dog/puppy. Although the dog/puppy’s skin and hair oils will distribut the application over the entire dog/puppy, distributing the material over the skin.

DOGS/PUPPIES 10 WEEKS OF AGE OR GREATER THAN

13 POUNDS. DO NOT USE ON OTHER ANIMALS!

Read and follow all directions and precautions on this product label.
