TO apply the treatment, use one disposable liquid tube for each application spot for the applicator device.

1. OPEN: Use finger scoop to lift off open dots.
2. LOCATE: To load, place tube WHITE SIDE UP under the red tube.
3. CLOSE: Close the red door and the tube will snap open.
4. APPLY: The dog should be standing for easy application. To apply correctly, part tail and get to dog's/puppy's skin. Press firmly on red dots over spot at such rate that exactly placed spots between the shoulder blade. Do not apply excessive amount of the solution at any one spot that could cause some of the solution to run off the sides of the dog's/puppy's skin. Do not spread retreat more than once per month. Do not use on cats. Keep cats away from treated animals.
