Mixing Directions: Please shake very well before use

Mix 1.5 ounces with 126.5 ounces of water (R.O. water recommended) to create one gallon of ready-to-use product. This container will make 5 gallons of Spider Mite Killer.

Directions for Use: Please shake well prior to use.

For use as a spray application. Apply generously to entire plant, spraying underneath leaf surfaces, on top of leaves, on the stems and branch joints, and any other area as needed. Completely wet desired spaces on the plant. Store at 60°F - 85°F.

Indoor Process:
Keep indoors at 60°F - 85°F. Air dry plant completely, but do not rinse. Repeat process every 3-5 days as needed.

Outdoor Process:
Apply generously to entire plant, spraying underneath leaf surfaces, on top of leaves, on the stems and branch joints, and any other area as needed. Repeat process every 3-5 days as needed.

Disposal:
Flame of this container is prohibited. Please dispose this recycle container at a container collection site, which can be found by contacting your municipality for the location nearest you.

Warning:
Keep away from eyes. If contacted, remove by flushing eyes well with water.

Keep Out of Reach of Children
The user assumes full responsibility for correct usage of this product.
