Contains LESCO® Poly-Plus® Polymer Coated Urea to provide a uniform growth with extended nitrogen feeding.

**ACTIVE INGREDIENTS:**
- 2,4-dichlorophenoxyacetic acid........................................................................................... 0.62 %
- (R)-2,6-dichloro-4-methylphenol (silvex)..................................................................... 0.14 %
- Oxyacetic acid (glyoxylic acid).................................................................................... 0.14 %
- Sulfur (S) .......................................................................................................................... 8.70 %

**TOTAL NITROGEN (N):** 18.00 %

**AVAILABLE PHOSPHORUS (P₂O₅):** 2.00 %

**SOLUBLE POTASSIUM (K₂O):** 3.00 %

**CALCIUM (Ca):** 10.00 %

**SULFUR (S):** 8.70 % Combined Sulfur (S)

**DERIVED FROM:** Polymer Coated Urea, Urea, Calcium Sulfate, Potassium Sulfate, Ammonium Phosphate.

**DIRECTIONS FOR USE:**
It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

**WEEDS CONTROLLED:**
Dandelion, chicweed, plantain, and clover are controlled effectively with this product. A list of additional weeds known to be controlled by this product is provided below.

**STORAGE AND DISPOSAL:**
Do not containaminate water, food, or feed by improper disposal.

**PESTICIDE STORAGE:**
Store in original container and keep any containers containing unused products out of reach of children.

**PESTICIDE DISPOSAL:**
Pesticide waste are toxic. Improper disposal of excess pesticide, containers, or caps, or rinse water, may result in a violation of Federal law. If these materials cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**LIMITED WARRANTY AND DISCLAIMER:**
For information concerning the raw materials comprising this product can be obtained by writing to: LESCO, Inc., Attn. Pesticide Information, 500 West 4th Street, Washington, DC 20001. This term of the LIMITED WARRANTY AND DISCLAIMER cannot be varied by any written or oral statements or agreements at the point of sale or elsewhere.

**APPLICATION SUGGESTIONS:**
1. Spring and fall applications are recommended for the best control. However, this product may be applied any time broadleaf weeds are present and actively growing.
2. Mow the turfgrass 2 to 3 days before application.
3. Water the turfgrass thoroughly 1 to 2 days before application.
4. Schedule applications in the morning when dew is present. Or spray or irrigate lightly (1/10 inch) before application.
5. Rainfall or irrigation within 24 hours after application may reduce the effectiveness. Do not irrigate or water the turfgrass within 24 hours after application.

**18-2-3 MINI FERTILIZER GUARANTEED ANALYSIS**

**SUGGESTED USES:**
- Football fields (8-2-1), recreation centers, public parks, school athletic fields, and all sport fields including horse track.

**PRECAUTIONARY STATEMENTS:**
- Personal Protective Equipment (PPE): See precautions at the end of this section.

**SAFETY PRECAUTIONS:**
- These materials are toxic and must be handled with care.

**USER SAFETY REQUIREMENTS:**
- Contact with these materials may cause irritation to the skin, eyes, or respiratory tract.

**Nonrefillable container. Do not reuse or refill this container.**
