**KEEP OUT OF REACH OF CHILDREN**

**CAUTION**

See the following sections: Procedural Statement, Hazards to Humans and Domestic Animals, for additional information.

**PESTICIDE STORAGE:** Store this product in the original container in a dry, cool, climate controlled area out of reach of children.

**PESTICIDE DISPOSAL:** Pesticides are toxic. Wastes resulting from the use of this product cannot be burned or chemically treated. The use of this product should be dispensed with the assistance of a waste management program approved for pesticide disposal as on or in accordance with applicable Federal, State or local procedures. This product is not to be disposed of in or upon dwelling areas or on other areas where children may have access to it, such as playgrounds, picnic areas, or any other places where pesticide use is not authorized.

**CONSUMER DISPOSAL:** Consumer take-home containers do not require a permit. Do not reuse or refill this container.

Complete empty bags in an appropriate equipment analyze container. Scheme for recycling or re-use or disposed of in an appropriate equipment.

**SAFE HANDLING INSTRUCTIONS:**

- Do not work with this product while wearing other clothing or shoes.
- Do not allow contact of this product with eyes, nose, or mouth. If contact occurs, rinse thoroughly with water.
- Do not drink or eat from containers used in handling this product.
- Do not eat, drink, or smoke in the area where this product is being handled.
- Do not allow the lotion to come in contact with food, utensils, or animal feed.
- Wash hands thoroughly with soap and water after handling this product.
- Do not contaminate water, food, or feed by either disposal or improper disposal of containers or by improperly applying this product.

**APPLICATION INFORMATION:**

- This product is designed for application to turf grass species listed below. Do not exceed the maximum yearly rate of 750 lb/acre/year.

**SUGGESTED SPREADER SETTINGS**

Suggested applicator settings are based on the calibration of the applicator and are intended to provide the optimal uniformity and spray distribution for each spreader.

**WEEDS CONTROLLED**

- These are the maximum rates per calendar year by species limitations.

**GUARANTEED ANALYSIS**

- Guaranteed analysis of this product is shown in the table below.

**APPLICATION DIRECTIONS**

**FREQUENTLY ASKED QUESTIONS**

**HARVEST**

- Do not cut treated sod before 120 days after application. Do not apply to newly set sod until the following year.

**RATES OF APPLICATION**

**NOTICE:** Before using this product, read the Directions for Use, Storage and Disposal Instructions, and Warranty Statements. If the Warranty statements are not acceptable, return the product within thirty days of purchase for a full refund.

**PROMOTIONAL CONVENTIONS**

- Do not apply in a manner inconsistent with its labeling.

**PRODUCER INFORMATION**

- It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**EXTENSION**

- This product has low solubility in water. At the limits of solubility, this product is not toxic to fish. However, at concentrations above the level of solubility, it may be toxic to fish.

**PROPRIETARY INFORMATION**

- These rates are the maximum rates per calendar year by species limitations.

**IMPORTANT:** These settings are only approximate. Age, condition of the spreader, and operator speed can cause wide variations in the product being applied to the water, soil, or vegetation.

**APPLICATION TUNING AND INFORMATION**

- The product may be applied to many turfgrass species and established ornamentals on broadcast, as a foliar treatment, or as a foliar and root treatment. This product may be applied at different rates for different turfgrass species. See the label and your local extension agent for more information.

**PRODUCT information**

- This product is a selective pre-emergence herbicide and will not control emerged weeds. Most effective weed control is achieved when the product is applied before emergence. This product can be applied at any time before seedling secondary roots are in the second inch of soil, not exceeded the maximum annual application rate of 750 pounds, per acre, per year.

**WARRANTY STATMENTS**

- If the Warranty statements are not acceptable, return the product unopened within thirty days of purchase for a full refund.

**SAFETY PRECAUTIONS**

- If you are handling this product, heed the directions for storage, handling, and disposal. Always store this product in the original container in a dry, cool, climate controlled area out of reach of children.

**SAFETY PRECAUTIONS**

- Do not apply this product to a lawn being mowed or a plant being grown in an area where additional irrigation or fertilization is needed.

**SAFETY PRECAUTIONS**

- This product has low solubility in water. At the limits of solubility, this product is not toxic to fish. However, at concentrations above the level of solubility, it may be toxic to fish.
