**BASIC CONTROL**

**Prodiamine 0.29% Plus Fertilizer**

*For selective pre-emergence control of grass and broad-leaved weeds in established turf grasses (including golf course putting greens) and lawns and domestic and ornamental plants.*

**ACTIVE INGREDIENT:** Prodiamine 0.29% Plus Fertilizer

**PER I N GREDIENTS:** None

**USE PRECAUTIONS:** Apply uniformly with suitable, calibrated application equipment.

**APPLICATION DIRECTIONS:**

1. **BROADCAST SPREADER SETTINGS**

   - Application rates: 1.5 to 3.0 lbs/A of this product. Application rates of 1.5 lbs/A are effective in 1-3 days.

2. **LANDSCAPE ORNAMENTALS**

   - **Established Landscapes**
     - Perennials: Presented as a broadcast, or directed application. Irrigation or rainfall within 1-3 days after application will wash residues off plant foliage and activate it into the soil.
     - Trees: Apply to soil surface at rate of 12 oz/100 sq ft. Do not apply to lawns near trees.

3. **USE LIMITATIONS**

   - Do not use Prodiamine 0.29% Plus Fertilizer on the following species:
     - Bermudagrass
     - Crabgrass
     - sulfuric-acid grasses
     - Perennial Ryegrass
     - Creeping Red Fescue
     - Buffalograss
     - Bluegrass

4. **SAFETY MEASURES**

   - **If in eyes**
     - Rinse eyes immediately with plenty of water for 15-20 minutes.
     - If on skin:
       - Wash thoroughly with soap and water after handling and before eating, drinking, chewing, or using tobacco.

   - **If swallowed:** Do not induce vomiting. Contact physician immediately. If you vomit, make sure to rinse mouth and call a physician.

5. **STORAGE AND DISPOSAL**

   - **STORAGE:** Store this product in its original container in a dry, cool, secure area. Do not contaminate water, food, or feed by storage or disposal.

   - **PRODUCT DISPOSAL:** As a responsible environmental practice, where possible, it is recommended that all containers for which the product is to be used be disposed of in accordance with relevant state and local authorities.

   - **CONTAINER DISPOSAL:** Non-refillable container. Do not reuse or refill the container. Completely empty bag into application equipment. Then, offer for recycling, if available. Do not throw empty bag in any sanitary landfill or incineration if it is not labeled for state and local authorities, by burning. If burned, stay out of smoke.

6. **DIRECTIONS FOR USE**

   - **Application rates**
     - Established turf grasses (golf course putting greens, lawns, and domestic and ornamental plants): 0.015 to 0.045 lbs/A.
     - Perennial Ryegrass: 0.021 to 0.060 lbs/A.
     - Creeping Red Fescue: 0.007 to 0.015 lbs/A.
     - Buffalograss: 0.007 to 0.015 lbs/A.

   - **Precautionary Statements**
     - **HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
       - **Precautionary Statements**
         - **Rinse skin immediately with plenty of water for 15-20 minutes.**
         - **If on skin:** Wash thoroughly with soap and water after handling and before eating, drinking, chewing, or using tobacco.

   - **ENVIRONMENTAL HAZARDS**

   - If in eyes:
     - Rinse eyes immediately with plenty of water for 15-20 minutes.

   - **If swallowed:** Do not induce vomiting. Contact physician immediately. If you vomit, make sure to rinse mouth and call a physician.

   - **If on skin:** Wash thoroughly with soap and water after handling and before eating, drinking, chewing, or using tobacco.

   - **If inhaled:** Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. If breathing stops, get immediate medical attention.

   - **Ingestion**
     - Do not give any food or water by mouth until medical advice is obtained.

   - **Inhalation**
     - Remove from area of exposure. If breathing is difficult, give oxygen. If breathing stops, get immediate medical attention.

   - **Skin**
     - Wash thoroughly with soap and water after handling and before eating, drinking, chewing, or using tobacco.

   - **Eye**
     - Rinse eyes immediately with plenty of water for 15-20 minutes.
