**Important**: These settings are only approximate. Age, condition of equipment, and operator speed can cause variation in the application rate. Always confirm the appropriate application rate recommended for your specific area before using this product. If the equipment is adjusted for a spray rate that exceeds the manufacturer’s recommendations, the warranty is void. Contact your equipment dealer for assistance. Information is based on a 15 mph breeze and a 35-degree angle to the pressure direction. Avoid spraying, skipping, or overlap during application. Check equipment frequency to ensure accuracy of the application rate.
