Environmental hazards

ENVIRONMENTAL HAZARDS

For terrestrial use, do not apply directly to water, to areas where surface water is present or to incidental areas below the mean high water mark. Do not apply when weather conditions favor drift to treated areas. Do not apply to areas where runoff is likely to occur. Do not contaminate water when cleaning equipment or disposing of equipment washer orführer. Exposed treated seed may be hazardous to birds and other wildlife. Treat only those seeds needed for immediate use and planting. Do not store excess treated seed beyond planting time. Dispose of surplus treated seed and seed packaging by burial away from streams and bodies of water.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contaminate water or persons, either directly or through drift. Only protect facilities may be in the area during application. For any requirements specific to your State or Tribe, contact the State or Tribal agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

This product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on the label about personal protective equipment (PPE) and restricted entry interval. The requirements in this left only apply to uses of the product that are covered by the Worker Protection Standard.

PREFCAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Handle as directed. Avoid breathing vapor or mist. Prevent contact with eyes, mouth, and skin as skin may cause allergic reactions in some individuals. Remove and wash contaminated clothing before reuse. Wear appropriate Personal Protective Equipment (PPE).

PERSONAL PROTECTIVE EQUIPMENT

Waterproof gloves are sufficient chemical-resistant for this product. If you want more options, follow the instructions for category F on an EPA chemical resistance category selection chart.

Applications and other handlers must wear:

- Long-sleeve shirt and long pants;
- Chemical-resistant glove material of any waterproof material such as polyethylene or polypropylene film;
- Shoes plus socks.

Follow manufacturer's instructions for cleaning/maintaining PPE. If there are instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

ENGINEERING CONTROLS STATEMENT

When handling use closed systems, enclosed tanks, or aseptic in a manner that meets the requirements listed in the Worker Protection Standard (WPS) for agricultural pesticides 40 CFR 170.406 and 66); the handler PPE requirements may be reduced or modified as specified in the WPS.

USER SAFETY RECOMMENDATIONS

Wear gloves. Wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.
