DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

APPLICATION DIRECTIONS

Set the Family Matters® brand Antixx® Refillable Liquid Ant Bait Station beside ant nests or where ants crawl before filling with the bait solution. Avoid setting the ant bait station in direct sun to decrease evaporation of the bait solution. Use two bait stations to control larger ant nests.

To fill the ant bait station open the lid and carefully pour the blue bait solution into the two depressions inside the bait station. Check bait stations every day and refill when the bait solution has been consumed or dried out. When the ant nest has been controlled, the bait station may be cleaned and moved to a different location.

PESTS CONTROLLED:

Ants, including foraging ants, sweet-feeding ants, pavement ants, moisture ants, little black ants, argentine ants, crazy ants, acrobat ants, bigheaded ants, cornfield ants, ghost ants, odorous house ants, thief ants, Texas leafcutting ants, field ants, and other common ants (excluding fire ants, harvester ants, Pharaoh ants and carpenter ants).

USE SITES:

Gardens, decks, patios, balconies, garden paths and around homes where ants are prevalent.

WARRANTY

To the extent consistent with applicable law, seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions.

To the fullest extent permitted by law, this warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions, or under conditions not reasonably foreseeable to seller. To the extent consistent with applicable law, seller makes no other warranties, either expressed or implied.
