To control Rust, and Powdery Mildew—Use DUSTING SULFUR.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified

Keep away from heat, sparks, or flame. Do not smoke while applying this product.

Worker Protection Standard (WPS) for agricultural pesticides [40 CFR 170.240 (d) (4-6)], the handler PPE requirements

When handlers use closed systems, enclosed cabs, or aircraft in a manner that meets with requirements listed in the Worker Protection Standard for agricultural pesticides (40 CFR 170.240 (d) (4-6)), the handler PPE requirements may be included or modified as specified in the WPS.

FIRST AID
If swallowed:

Call a poison control center or doctor immediately. Do not induce vomiting unless told to do so by the poison control center or doctor.

If on skin or clothing:

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

If in eyes:

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

If inhaled:

Rinse skin immediately with plenty of water for 15-20 minutes.

Do not give anything by mouth to an unconscious person.

Do not induce vomiting unless told to do so by the poison control center or doctor.

Do not give water to a person who is vomiting.

Do not give anything by mouth to an unconscious person.

If person is not breathing, call 911 or an ambulance, then give artificial respiration.

In case of exposure or overexposure,

Do not give anything by mouth to an unconscious person.

Do not induce vomiting unless told to do so by the poison control center or doctor.

Do not give water to a person who is vomiting.

If person is not breathing, call 911 or an ambulance, then give artificial respiration.

Physical or Chemical Hazards

Physical or Chemical Hazards

DUSTING SULFUR
Fungicide-Insecticide

ACTIVE INGREDIENT: 98.0% Fungicide-Insecticide

BY WT. SR. FT.

2.0%

The material in this bag is guaranteed to pass 95% through a 220 mesh screen.

KEEP OUT OF REACH OF CHILDREN

CAUTION

SEE BELOW FOR ADDITIONAL PRECAUTIONARY STATEMENTS

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

 Harmful if inhaled, ingested, or absorbed through skin. Avoid breathing dust or spray mist. Avoid contact with eyes, mouth, or clothing.

Personal Protection Equipment:

Follow manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washability, use detergent and hot water. Rinse and dry PPE separately from other laundry.

When handling dusted products, always wear overalls, a long-sleeved shirt and long pants, chemical resistant gloves and shoes. Use a mask or respirator when necessary to prevent dust from entering the lungs.

Follow manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washability, use detergent and hot water. Rinse and dry PPE separately from other laundry.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that conforms to the chemical description on the label and is reasonably fit for the purposes stated in the WPS instructions on personal protective equipment.

Users should:

NEW WEIGHT 50 LBS. (22.68 KG)

EPA REG. NO. 34704-735

EPA EST. NO. 2935-CA-1

Peas, Turnips, Rutabagas:

To control Tetranychus Mite—Use DUSTING SULFUR 6 to 10 pounds per acre. Apply when there are no developing eggs and treat the first mite generation. Rinse off fruit before harvest.

Grapes:

To control Thrips—Use DUSTING SULFUR 30 to 35 pounds per acre. Apply when there are no developing eggs. Rinse off fruit before harvest.

To control Powdery Mildew—Use DUSTING SULFUR at 15 to 20 pounds per acre. Begin application when shoots are 8 to 9 inches long and reapply as necessary. Apply in the early morning or late afternoon. Consult your local extension service for proper timing.

To control Rust—Use DUSTING SULFUR at 8 to 10 pounds per acre. Apply when disease can be observed. Consult your local extension service for proper timing.

To control Spotted Oidium—Use DUSTING SULFUR 10 to 15 pounds per acre. Apply when disease can be observed. Consult your local extension service for proper timing.

To control Scolyporus—Use DUSTING SULFUR at 8 to 10 pounds per acre. Apply when disease can be observed. Consult your local extension service for proper timing.

To control Tetranychus Mite—Use DUSTING SULFUR 6 to 10 pounds per acre. Apply when there are no developing eggs and treat the first mite generation. Rinse off fruit before harvest.

To control Thrips—Use DUSTING SULFUR 30 to 35 pounds per acre. Apply when there are no developing eggs. Rinse off fruit before harvest.

To control Powdery Mildew—Use DUSTING SULFUR at 15 to 20 pounds per acre. Begin application when shoots are 8 to 9 inches long and reapply as necessary. Apply in the early morning or late afternoon. Consult your local extension service for proper timing.

To control Rust—Use DUSTING SULFUR at 8 to 10 pounds per acre. Apply when disease can be observed. Consult your local extension service for proper timing.

To control Spotted Oidium—Use DUSTING SULFUR 10 to 15 pounds per acre. Apply when disease can be observed. Consult your local extension service for proper timing.

To control Scolyporus—Use DUSTING SULFUR at 8 to 10 pounds per acre. Apply when disease can be observed. Consult your local extension service for proper timing.

To control Thrips—Use DUSTING SULFUR 30 to 35 pounds per acre. Apply when there are no developing eggs. Rinse off fruit before harvest.

To control Powdery Mildew—Use DUSTING SULFUR at 15 to 20 pounds per acre. Begin application when shoots are 8 to 9 inches long and reapply as necessary. Apply in the early morning or late afternoon. Consult your local extension service for proper timing.

PREFERENTIAL STATEMENTS

Hazard to Humans (and Domestic Animals)

CAUTION

Harmed if swallowed, inhaled, or absorbed through skin. Avoid breathing dust or spray mist. Avoid contact with skin, eyes, or clothing.

Personal Protective Equipment:

Some materials that are chemical-resistant to the product are listed below. If you want more options, follow the instructions for Category A on an EPA chemical resistance category selection chart. Applicators and other workers must wear: long-sleeved shirt and long pants, chemical resistant gloves and shoes plus socks.

Follow manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washing, use detergent and hot water. Keep and wash PPE separately from other laundry.

Engineering controls:

When handlers use closed systems, enclosed cabs, or aircraft in a manner that meets with requirements listed in the Worker Protection Standard (WPS) for agricultural pesticides [40 CFR 170.240 (i) (4)-(6)], the handler PPE requirements may be reduced or modified as specified in the WPS.

USER SAFETY RECOMMENDATIONS

Users should:

• Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
• Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
• Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

If swallowed:

• Call a poison control center or doctor immediately for treatment advice.
• Have a person sip a glass of water if able to swallow.
• Do not induce vomiting unless told to do so by the poison control center or doctor.
• Do not give anything by mouth to an unconscious person.

If in eyes:

• Wash eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
• Call a poison control center or doctor for treatment advice.

If on skin or clothing:

• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a poison control center or doctor for treatment advice.

If Inhaled:

• Move person to fresh air.
• If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible.
• Call a poison control center or doctor for further treatment advice.

FOR A MEDICAL EMERGENCY INVOLVING THIS PRODUCT CALL: 1-866-944-8565.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this labeling.

ENVIRONMENTAL HAZARDS

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow workers into treated areas during the restricted-entry interval (REI) of 24 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is coveralls, chemical-resistant gloves made of any water-proof material, shoes plus socks.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE: Keep away from fire and sparks.

Keep out of reach of children. Do not store in original containers only. Store in a cool, dry location and avoid excess heat. Carefully open containers. After partial use, fold and roll back bags, clamp and close tightly. Do not put concentrate or dilute material into food or drink containers. Do not contaminate other pesticides, fertilizers, water, food or feed by storage or disposal. In case of spill, avoid contact, isolate area and keep out animals and unprotected persons.

CONTAINER DISPOSAL: Apply recommended rates of DUSTING SULFUR when pests or disease first appear and repeat as necessary. For disease control keep new growth protected.

Beans: To control Powdery Mildew, Rust, Thrips and Spider Mites—Use DUSTING SULFUR at 15 to 20 pounds per acre. For Rust control start applications as soon as the first true leaves form and continue at weekly intervals until blossom time. May cause injury to some varieties. Checktolerance prior to application.

Blackberries, Boysenberries, Gooseberries, Loganberries, Raspberries, Strawberries: To control Powdery Mildew—Use 10 to 20 pounds of DUSTING SULFUR per acre. Apply when disease first appears and repeat at 7 to 10 day intervals.

Cotton: Field and Ornamental Crops: Apply recommended rates of DUSTING SULFUR when pests or disease first appear and repeat as necessary. For disease control keep new growth protected.

Forage Crops: Field and Ornamental Crops: Apply recommended rates of DUSTING SULFUR when pests or disease first appear and repeat as necessary. For disease control keep new growth protected.

Grapes: Powdery Mildew—Use 8 to 15 pounds per acre. Begin application when shoots are 6 to 8 inches long and repeat as necessary. Avoid-over-application in hot weather. Concord and other late varieties of grapes may suffer injury from DUSTING SULFUR.

Natural Hazards, Field and Ornamental Crops: Apply recommended rates of DUSTING SULFUR when pests or disease first appear and repeat as necessary. For disease control keep new growth protected.

Onions: To control Powdery Mildew—Use DUSTING SULFUR 15 to 25 pounds per acre. Apply when onion flowers are visible. For rust control start applications as soon as the first true leaves form and continue at weekly intervals until blossom time. For gray mold control, apply as soon as the first flowers form and repeat at 7 to 10 day intervals.

Tomatoes: To control Tomato Rust—Use DUSTING SULFUR at 30 to 40 pounds per acre. Clean up infected materials and apply at 7 to 14 day intervals.

Vegetables, Field and Ornamental Crops: Apply recommended rates of DUSTING SULFUR when pests or disease first appear and repeat as necessary. For disease control keep new growth protected.

Carrots: To control Petrobia Mite—Use DUSTING SULFUR 30 to 35 pounds per acre.

Cotton: To control Cotton Mite—Use DUSTING SULFUR 35 to 40 pounds per acre. Apply when cotton first appear and repeat as necessary.

Onions: To control Powdery Mildew—Use DUSTING SULFUR 25 to 30 pounds per acre. Apply when new growth is visible. For rust control start applications as soon as the first true leaves form and continue at weekly intervals until blossom time. May cause injury to some varieties. Checktolerance prior to application.

Peas, Turnips, Rutabagas: To control Powdery Mildew—Use DUSTING SULFUR at 15 to 20 pounds per acre. Repeat at 7 to 14 day intervals.

Tomatoes: To control Tomato Rust—Use DUSTING SULFUR at 30 to 40 pounds per acre.

Pistachios: Citrus Flat Mite—Use 50 pounds per acre. Apply when mites first appear and repeat as necessary. May be applied by ground or air.

Citrus: Use Citrus Thrips, Citrus Flat Mite, Yuma Spider Mite, Siosspotted Mite and Citrus Rust Mite—Use 100 pounds per acre. Apply when mites first appear and repeat as necessary.

DEALERS MUST SELL IN ORIGINAL PACKAGES ONLY.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

BEFORE BUYING OR USING THIS PRODUCT, read the entire Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability. By buying or using this product, the buyer or user accepts the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of LOVELAND PRODUCTS, INC. or the seller is authorized to vary in any way.

Follow the Directions for Use of this product carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Crop or other plant injury, inefficaciousness, or other unintended consequences may result from such risks as weather or crop conditions, mixture with other chemicals not specifically identified in this product or its use of this product contrary to the label instructions, all of which are beyond the control of LOVELAND PRODUCTS, INC. and the seller. The buyer or user of this product assumes all such inherent risks. Subject to the foregoing inherent risks, LOVELAND PRODUCTS, INC. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use when used in strict accordance with the proposed use and application rate and method of use contained in this product's label and as warranted in this label. Neither this product nor its use is warranted for any other use.

EXCEPT AS WARRANTED IN THIS LABEL, THIS PRODUCT IS SOLD AS IS TO THE EXTENT ALLOWED BY APPLICABLE LAW. LOVELAND PRODUCTS, INC. MAKES NO OTHER WARRANTY, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ELIGIBILITY OF THIS PRODUCT FOR ANY PARTICULAR TRADE USAGE. IN THE UNLIKELY EVENT THAT YOU ARE BELIEVED THAT LOVELAND PRODUCTS, INC. HAS BREACHED A WARRANTY CONTAINED IN THIS LABEL, BUYER OR USER MUST SEND, TO THE EXTENT REQUIRED BY APPLICABLE LAW, A COPY OF SUCH DOCUMENT TO THE FOLLOWING ADDRESS: LOVELAND PRODUCTS, INC., ATTENTION: LAW DEPARTMENT, 7251 WEST 4TH STREET, GREELY, CO 80634.

TO THE EXTENT ALLOWED BY APPLICABLE LAW, THE BUYER'S OR USER'S EXCLUSIVE REMEDY FOR ANY PERSONAL INJURY, PROPERTY LOSS, OR DAMAGE RESULTING FROM THE HANDLING OR USE OF THIS PRODUCT, INCLUDING BUT NOT LIMITED TO CLAIMS OF BREACH OF WARRANTY OR CONTRACT, NEGLIGENCE, STRICT LIABILITY, OR OTHER TORTS, SHALL BE LIMITED TO ONE OF THE FOLLOWING, AT THE ELECTORION OF LOVELAND PRODUCTS, INC. OR THE SELLER: DIRECT DAMAGES NOT EXCEEDING THE PURCHASE PRICE OF THE PRODUCT OR REPLACEMENT OF THE PRODUCT, TO THE EXTENT ALLOWED BY APPLICABLE LAW. LOVELAND PRODUCTS, INC. RESERVES THE RIGHT TO TERMINATE THE SALE OF THIS PRODUCT TO THE BUYER OR USER OF THIS PRODUCT FOR ANY CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES, OR DAMAGES IN THE NATURE OF A PENALTY.
