Munotech Products Inc. represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This product has not been registered by the United States Environmental Protection Agency.

Store only in original container in a dry place inaccessible to children and pets. Do not reuse empty containers. Offer for recycling if available or discard in trash.

Store below 120°F. Do not allow product to freeze. Keep out of reach of children.

Directions:
1. Hold nozzle 8-12" away from animal and spray cat from the head working downward toward the tail. Make sure to treat the entire coat of the cat including legs, tail and underbody.
2. Fluff the hair backward to help the spray penetrate through the coat and down to the skin. Allow product to air-dry.
3. Repeat as necessary. Product may be applied indoors or outdoors. For best results and to help reduce the occurrence of fleas and ticks, it is suggested to use this product year round.
