TOPICAL APPLICATOR

KEEP OUT OF REACH OF CHILDREN

CAUTION

FAST ACTING - STARTS KILLING FLEAS IN 30 MIN.

TOPICAL APPLICATION

Manufactured for
Elanco US Inc.
2500 Innovation Way
Greenfield, IN 46140

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not allow children to apply product. Do not allow children to come in contact with the treated animal until after the application has dried. Do not use on cats or kittens < 8 weeks of age and weighing < 1.8 lbs. Do not double dose cats. Do not allow your cat to ingest this product.

More detailed directions for use, including storage and disposal, are included in the box. Read the entire label, directions for use and frequency of application each time before using this product.

For prevention and treatment of fleas, part the hair on the neck at the base of the head and apply the contents of the applicator tube to a single spot on the skin of the cat. Do not apply on the surface of the cat's hair coat. Place the empty applicator tube in the trash.

Monthly application is recommended to prevent and treat flea infestations. Cheristin for cats starts working in 30 minutes and continues killing fleas for a full month after application.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HAZARDS TO HUMANS:
CAUTION.
Harmful if swallowed. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Avoid contact with eyes or clothing.

HAZARDS TO DOMESTIC ANIMALS:
FOR USE ON CATS AND KITTENS ONLY. For external use only. As with any product, consult your veterinarian before using the product on medicated, debilitated, aged, ... be sensitive to pesticides. In multiple cat households, do not allow the cats to groom each other until the product has dried.

SIDE EFFECTS:
Monitor your cat after application. Side effects may include signs of application site reactions such as application site hair loss, hair change ... your cat's healthcare expert. For technical assistance or to report a side effect, call Elanco at 1-888-545-5973.

FIRST AID
IF IN EYES:
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing.

Call a poison control center or doctor for treatment advice.

IF SWALLOWED:
Call a poison control center or doctor immediately for treatment advice. Have the product label with you when you call the poison control center or medical professional.

Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact Rocky Mountain Poison Control at 1-888-767-5023 for emergency medical treatment information.

To kill fleas and prevent reinfestations, apply one applicator tube to the base of the head until the skin is visible. Place the tip of the tube directly above the skin and squeeze the tube 4-8 times to expel the contents of the tube directly on the skin. For best results, apply at the base of the head, not between shoulder blades. Avoid getting the product in your cat’s eyes or mouth. Treatment at the base of the head will minimize the opportunity for the cat to directly lick the product. (There may be a small residual remaining in the tube after a full dose is expelled)

1. Discard empty applicator tube in the trash.

Monthly application is recommended to prevent and treat flea infestations. Cheristin™ for cats starts working in 30 minutes and continues killing fleas for a full month after application.

HAZARDS TO DOMESTIC ANIMALS

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in original package in a cool dry place inaccessible to children and animals.

Pesticide Disposal: Call your local solid waste agency or equivalent organization for disposal instructions. Unless otherwise instructed place in trash. Never pour unused product down the drain or on the ground.

CONTAINER HANDLING: It empty, non-refillable container. Do not re-use or refill. Place in trash. Never pour unused product down any indoor or outdoor drain.

STORAGE AND DISPOSAL

Storage: Store in original package in a cool dry place inaccessible to children and animals.

LIMITED WARRANTY AND LIMITATIONS OF LIABILITY

By using, buying or handling this product, users or buyers accept the following conditions, disclaimer of warranties and limitations of liability. The directions for use of this product are believed to be adequate and must be followed carefully. All risks of product use or handling are assumed by the user or buyer. No agent of Elanco is authorized to make, extend or modify any warranties. How to Apply:

1. Remove one applicator tube from the blister package.
2. Hold applicator tube in an upright position.
3. Press cap down until it clicks (indicating the tube has been punctured). Hold upright and remove cap.
4. Part the hair on the neck at the base of the head until the skin is visible. Place the tip of the tube directly above the skin and squeeze the tube 4-8 times to expel the contents of the tube directly on the skin.
5. Discard empty applicator tube in the trash.

Monthly application is recommended to prevent and treat flea infestations. Cheristin™ for cats starts working in 30 minutes and continues killing fleas for a full month after application.

CAUTION

HAZARDS TO HUMANS

CAUTION. Harmful if swallowed. Causes moderate eye irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or using the toilet. Avoid contact with eyes or mouth.
