DIRECTIONS FOR USE:

1. Select a well-ventilated outdoor area protected from wind and spray atomizer at least 6 to 8 inches from the area to be treated. Spray a slow sweeping motion to lightly moisten the surface of the fabric. Continue spraying over entire article until a total treatment time of 60 seconds has elapsed and the outer surface of the fabric is moist enough to cause a slight color change or darkening. Pay special attention to socks, trouser cuffs, and shirt cuffs. 4. Turn the article or clothing over and treat the other side as described in steps 2 & 3. 5. Hang the treated article or clothing and allow to dry for at least 2 hours (4 hours under humid conditions) before wearing. 6. One can will treat two complete outfits. Do not exceed listed spraying times.

LAUNDER CLOTHING AT LEAST ONCE BEFORE RETREATING. For retreatment, follow instructions for initial treatment.

UNCONDITIONED FABRIC: This product contains an active ingredient which actually binds to the fabric being treated, providing residual protection which lasts a minimum of two weeks, and holds up through several machine washings. DO NOT RETREAT CLOTHING MORE THAN ONCE EVERY TWO WEEKS.

REPRESENTATIVE INGREDIENTS:

Permethrin [*(3-Phenoxyphenyl) methyl (+ or -) cis-trans-3-(2,2-dichloro-ethenyl) 2,2-dimethylcyclopropanecarboxylate]..............................0.50%

Other ingredients...............................................................................

ACTIVE INGREDIENT: Permethrin [*(3-Phenoxyphenyl) methyl (+ or -) cis-trans-3-(2,2-dichloro-ethenyl) 2,2-dimethylcyclopropanecarboxylate].........................8.50%

Other ingredients.................................................................99.50%

* cis-trans isomer ratios: Min. 35% (+ or -) cis and Max. 65% (+ or -) trans

FAMILY PROTECTION:

Repels and kills ticks that may carry Lyme disease
Repels mosquitoes that may carry/transmit the Zika virus
Repels and kills fleas, flies, chiggers and spiders
Repels listed insects for up to 60 days

KEEP OUT OF REACH OF CHILDREN

CAUTION:

See back for First Aid and other precautions

First Aid:

If on skin or non-treated clothing: take off contaminated clothing. Wash skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling. Do not induce vomiting. Do not give anything by mouth unless directed by a doctor.

If in the eyes: wash out with plenty of water. Do not rub eye. Get medical attention.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS:

CAUTION: Avoid contact with skin. Avoid contact with clothing that is not being treated. Prolonged or frequently repeated skin contact may cause irritation. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or going to the toilet.

ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Do not allow run-off to enter water supplies. Do not contaminate water when disposing of equipment, washwater or equipment. See Directions for Use for additional precautions and requirements. This pesticide is highly toxic to birds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging in the treatment area. PHYSICAL OR CHEMICAL HAZARDS: Contents under pressure. Do not incinerate or near heat or open flame. Do not incinerate or incinerate container. Exposure to temperatures above 120°F may cause burning.

STORAGE AND DISPOSAL:

Do not contaminate water, food, or feed by storage and disposal. PESTICIDE STORAGE: Store in a cool, dry area. Always store pesticides in the original container. Store away from food or pet food. PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partially filled: flush the remaining pesticide down the toilet. Non-refillable container. Do not reuse or refill this container. Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. If partially filled: flush the remaining pesticide down the toilet.
