PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.
WARNING: Causes substantial and temporary eye injury. Do not get in eyes or on clothing. Irritate even if washed. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing immediately.

FIRST AID: IF IN EYES - Hold eye open and flush with plenty of water for at least 15 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or emergency treatment facility. IF INHALED - Move to fresh air. If not comfortable, call a poison control center or emergency treatment facility. IF SWALLOWED - Do not induce vomiting. Call a poison control center or emergency treatment facility immediately. Do not give anything by mouth to an unconscious person. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor or going to the hospital.

DIRECTIONS FOR USE: It is forbidden for the person to use this product in a manner inconsistent with its labeling. Act 2 tablets of Potable Aqua® to 1 quart or liter of water. Let water stand for at least 5 minutes. Use the water. If you are unsure, store unused water in a clean, cool place in a covered container. Keep container away from children and use only for potable water. Do not exceed 5 minutes of treatment. Do not use water from bottled water without treatment. Keep all water; food, etc. cool.

GENERAL INFORMATION: POTABLE AQUA® Drinking Water Purification Tablets are intended for emergency or catastrophic situations. For short-term or normal emergency use only. IMPORTANT INFORMATION: Keep up to 10% of the tablets in a dry, cool place; protect from humidity, moisture and exposure to air. Always use tablets before the expiration date. In case of discoloration, taste or other evidence of decomposition, do not use. Store out of reach of children. Tablets will not harm children. Do not use if damaged. Do not use for drinking water under normal or emergency conditions.

STORAGE & DISPOSAL: Do not contaminate food, water, or feed by storage or disposal. Put tablets in a dry, cool place. Do not use with premeasured tablets or water treatment equipment. Do not mix with other water treatment chemicals. Remove any tablets in trash, if available. If properly treated, follow local waste agency for disposal instructions.qed
