PRECAUTIONARY STATEMENTS

- **HAZARDS TO DOMESTIC ANIMALS**
- **HAZARDS TO HUMANS AND CHILDREN**
- **HAZARD TO HUMAN REPRODUCTIVE BIOLOGICAL FUNCTION**
- **HAZARDS TO WATER & HUMANS**
- **HAZARDS TO FOOD & ANIMALS**
- **HAZARDS TO DOMESTIC ANIMALS & NON-HUMAN PRIMATE**

HANDLING:

- Keep cats away from treated horse for 24 hours. If applied to cat, contact your veterinarian immediately.
- Do not use on horses intended for slaughter.
- Do not use on foals under three (3) months of age. Ready to use, no dilution necessary.

STORAGE AND DISPOSAL

- Store in a cool, dry place out of reach of children and pets. Do not refrigerate. Protect from direct sunlight.
- Nonrefillable container. Do not reuse.
- Make any other warranty of fitness or of merchantability.
- If used, the extent consistent with applicable law, Manna Pro and/or its agents or representatives assume all risks and liabilities resulting from the use of this product.

ENVIRONMENTAL HAZARDS:

- This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run-off into storm drains, drainage ditches, gutters, or surface water.
- Hold tube in upright position away from user's face and body. Break off tip or cut with scissors. Using the cc marks on the body of the applicator as a guide apply the Pro-Force® 50 Spot-on as follows by gently squeezing the applicator.

PESTICIDE STORAGE:

- Store in a cool, dry place out of reach of children and pets. Do not refrigerate. Protect from direct sunlight.
- Place empty applicator in trash or offer for recycling if available.
- If sold in any other country, contact your national regulatory authority for disposal instructions. Never place unused product down any indoor or outdoor drain.

Sensitivities can occur after using ANY pesticide product on animals. If signs of sensitivity occur, wash area with soap and water. Before continuing consult a veterinarian immediately. Do not use on animals with known organ dysfunction.

FIRST AID

- **IF ON SKIN OR CLOTHING:** Wash area with soap and water. If irritation occurs, call a poison control center or doctor immediately.
- **IF IN EYES:** Do not rub eyes. If irritation occurs, wash eyes with soap and water. If irritation persists, call a poison control center or doctor immediately.
- **IF INHALED:** Get fresh air at once. If irritation persists, call a poison control center or doctor immediately.
- **IF SWALLOWED:** Do not induce vomiting. Get fresh air at once. If irritation occurs, call a poison control center or doctor immediately.

ACTIVE INGREDIENTS

- Permethrin (CAS# 52645-53-1) .......................... 50.00%
- Nil.

INERT INGREDIENTS:

- For USE ON HORSES ONLY
- Spot-On
- 1.02 fl. oz. (30 cc)
- 3 x 0.34 fl. oz. (10 cc) applicators
- USE ON HORSES ONLY
- Horn Flies, Face Flies, Horse Flies, Deer Flies, Black Flies, House Flies, Gnats, Mothflies and Ticks on Horses (6 Pernis) for Up to 2 Weeks

PRECAUTIONARY STATEMENTS
LAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION
FIRST AID
IF ON SKIN OR CLOTHING:
Harmful if absorbed through the skin or swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling, attempting to remove, handling, storing, opening, or using this product. If eye irritation persists, seek medical attention immediately. If swallowed, do not induce vomiting unless told to do so by a doctor. Call a poison control center or doctor immediately. Avoid contact with eyes, mouth, and skin. Wash thoroughly with soap and water before re-use. Prolonged or frequent skin contact may cause allergic reactions in some individuals. If signs of sensitivity occur, wash area with mild soap and water. Call a poison control center or doctor for treatment if needed.

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run-off into storm drains, drainage ditches, gutters, or surface water.韭菜

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Use on Horses ONLY

1. Streak 2 cc on the poll
2. Streak 1 cc on each side of the withers (2 cc total)
3. Streak 1 cc on each side of the hind quarters (2 cc total)
4. Spot 1 cc to the back of the leg below the elbow (2 cc total)
5. Spot 1 cc above each hock

Hold tube in upright position away from user's face and body. Break off tip or cut with scissors. Using the cc marks on the body of the applicator as a guide apply the Pro-Force® 50 Spot-on as follows by gently squeezing the applicator.

IN USA for up to 2 weeks

ENVIRONMENTAL HAZARDS: This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run-off into storm drains, drainage ditches, gutters, or surface water.

FIRST AID
IF IN EYES:
Hold eye open and rinse slowly and gently with water for 15–20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing.

IF ON SKIN OR CLOTHING:
Harmful if absorbed through the skin or swallowed. Causes moderate eye irritation. Avoid contact with eyes, mouth, and skin. Wash thoroughly with soap and water before re-use. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. If signs of sensitivity occur, wash area with mild soap and water. Call a poison control center or doctor for treatment if needed.
