FIRST AID

IF IN EYES:
• Hold eye open and rinse slowly and gently with water for 15-20 minutes.
• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes.
• Call a Poison Control Center or doctor for treatment advice.

IF ON SKIN OR CLOTHING:
• Take off contaminated clothing.
• Rinse skin immediately with plenty of water for 15-20 minutes.
• Call a Poison Control Center or doctor for treatment advice.

IF INHALED:
• Get person to fresh air.
• If person is not breathing, call 911 or an ambulance. Then give artificial respiration, preferably mouth-to-mouth if possible.
• Call a Poison Control Center or doctor for further treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. You may also contact 1-888-423-7249 for emergency medical treatment information.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals
WARNING: Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin or on clothing. Harmful if inhaled. Avoid breathing product vapor. If available, wear protective eyewear such as goggles or safety glasses. Wear gloves made out of any waterproof material.

Physical or Chemical Hazards
Combustible. Do not use or store near heat or open flame.

User Safety Recommendations
User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. USE ONLY ON DOGS, CATS, HORSES AND FERRITS, following all precautions and directions. SHAKE WELL BEFORE USE. For use on dogs, cats, puppies and kittens (over the age of 12 weeks), horses and ferrets for control of fleas and ticks. Do not repeat treatment for seven days. Do not use on puppies and kittens under 12 weeks. Consult a veterinarian before using this product on d distemper, polio, pregnant or nursing animals. Sensitivities may occur using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

HOW TO USE: Wet the animal’s coat for two to three minutes with warm water. Wearing waterproof gloves, apply shampoo on head and ears and trunk. Then repeat procedure with neck, chest, middle and hindquarters, finishing legs last and giving special attention to the footpads between the toes and under foot areas. Wash the head and ear areas carefully, making sure to keep the shampoo out of the animal’s eyes. NOTE: A drop of glycerin in each eye before bathing may prevent or reduce irritation if the shampoo gets in the animal’s eyes. Pay special attention to the base of the tail, as it is a place frequented by fleas. Fully saturate animal and let latter remain on animal for five minutes before rinsing thoroughly with water. NOTE: This final step is an important part of grooming procedures. For small dogs and cats less than 15 lb, wrapping the animal in a towel for several minutes to absorb moisture is advised. This will also allow dying fleas and ticks to crawl off animal into towel. Dry animal with a clean towel or blow dryer.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling: Nonrefillable container. Do not re-use or refill this container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
