Fungicidal: Kills Molds and Fungi
Virucidal*: Kills Viruses*
Bactericidal: Kills Bacteria
When used according to disinfection directions.

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Heavily soiled surfaces require a pre-cleaning.

TO CLEAN, DEODORIZE & REMOVE ALLERGENS?: Spray the product on surface and wipe clean. Always test an inconspicuous area first.

TO DISINFECT: Spray to thoroughly wet the surface with the product. Surfaces must remain wet for 2 minutes to eliminate bacteria, 3 minutes to eliminate fungi, 3 minutes to eliminate 46.06 E. coli (Ct 79±5°F), and 1 minute to eliminate viruses.* On food contact surfaces, no rinse is required. Food products and packaging materials must be removed or carefully protected prior to using this product.

TO SANITIZE: Spray to thoroughly wet the surface to be sanitized with the product. Surfaces must remain wet for 30 seconds on hard non-porous surfaces and 2 minutes for soft surfaces. No rinsing required. Food products and packaging materials must be removed or carefully protected prior to using this product.

Made in the USA
DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Heavily soiled surfaces require a pre-cleaning.

TO CLEAN, DEODORIZE & REMOVE ALLERGENS*: Spray the product on surface and wipe clean. To remove tough stains let stand a few minutes and wipe clean. For soft surfaces, spray to wet surface and wipe or blot to clean. Always test an inconspicuous area first.

TO DISINFECT: Spray to thoroughly wet the surface with the product. Surfaces must remain wet for at least 2 minutes to eliminate bacteria, 3 minutes to eliminate fungi, 3 minutes to eliminate 4b. bva. BCG (at 70°F), and 1 minute to eliminate viruses.* On food contact surfaces, no rinse is required. Food products and packaging materials must be removed or carefully protected prior to using this product.

TO SANITIZE: Spray to thoroughly wet the surface to be sanitized with the product. Surfaces must remain wet for 30 seconds on hard non-porous surfaces and 2 minutes for soft surfaces. No rinsing required. Food products and packaging materials must be removed or carefully protected prior to using this product. This product is effective as a non-food contact sanitizer on hard, non-porous surfaces against Enterobacter aerogenes and Staphylococcus aureus in 30 seconds.

TO SANITIZE PRECLEANED FOOD - CONTACT SURFACES: Spray to thoroughly wet the surface. Allow surface to remain wet for 60 seconds and air dry.

CLEANS, DISINFECTS, SANITIZES AND DEODORIZES 1:
The Kitchen, The Bathroom, Baby Toys & Furniture, Stainless Steel, Sealed Wood, Woodwork/Glass

STORAGE AND DISPOSAL: Store at room temperature (20-25°C) (68°F-77°F) in a secure area inaccessible to children. Non-refillable container. Do not reuse or refill this container. Offer for recycling if available or discard in the trash.

§This product removes the following allergens: dust mite matter, cat dander, dog dander, mouse dander, rat dander, guinea pig dander, cockroach matter, peanut, birch pollen, Timothy grass pollen, ragweed pollen.

1When used according to disinfection directions.

MIRACLE CLEAN® MULTI-SURFACE DISINFECTANT & CLEANER

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Heavily soiled surfaces require a pre-cleaning.

TO CLEAN, DEODORIZE & REMOVE ALLERGENS §:

Spray to thoroughly wet the surface. Allow surface to remain wet for 2 minutes and wipe clean. For soft surfaces; spray to wet surface and wipe clean. Always test on inconspicuous area first.

TO SANITIZE:

Spray to thoroughly wet the surface with the product. Surfaces must remain wet for 2 minutes to eliminate bacteria, 3 minutes to eliminate fungi. It is a violation of Federal Law to use this product for sanitizing of water contact surfaces.

TO DISINFECT:

Spray to thoroughly wet the surface. Surfaces must remain wet for 2 minutes to eliminate bacteria, 3 minutes to eliminate fungi. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ON food contact surfaces, rinse is required. Food products and packaging materials must be removed or carefully protected prior to using the product.

TO SANITIZE PRECLEANED FOOD-CONTACT SURFACES:

Spray to thoroughly wet the surface. Allow surface to remain wet for 30 seconds on hard non-porous surfaces and 2 minutes for multi-surface. It is a violation of Federal Law to use this product for sanitizing of water contact surfaces.

PESTICIDE STORAGE:

Store in a secure area inaccessible to children. Do not re-use or refill empty container. Offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

This product contains the following allergens: dust mite matter, cat dander, dog dander, mouse dander, rat dander, birch pollen, timothy grass pollen, rag weed pollen.
