ENVIRONMENTAL HAZARDS
This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional office of the EPA.

APPLICATION INSTRUCTIONS
The following are suggested use levels for Timbertreat® P-100. Typical use levels are given for the various applications indicate the approximate levels for the particular suggestions are in percentage by weight and refer to the product Timbertreat® P-100. In order to determine the most cost effective use level for Timbertreat® P-100 in a given use, field trials are suggested.

WOOD: For above ground use only at rates of 0.3-0.5% depending on protection desired. For sapstain control use 0.3% within 24 hours of cutting.

APPLICATION INSTRUCTIONS

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: This material has a tendency to pack into hard lumps due to its low melting point. Storage temperatures below 60°F (20°C) and above 72°F (22°C) are suggested.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Do not contaminate water when disposing of equipment washwaters. Improper disposal of excess pesticides, spray mixture, or rinse water is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State pesticide or environmental control agency or the hazardous waste representative at the nearest EPA regional office for guidance.

CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container.

Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Offer for recycling if available or dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner.
