This product's specialty is its effectiveness in disinfecting non-porous hard surfaces in the bathroom. Cleans, shines, deodorizes and disinfects pre-cleaned and non-porous hard surfaces such as fiberglass, chrome, plastic, baked enamel and glazed porcelains. Non-abrasive. When used as directed, this product demonstrates effective disinfection against Staphylococcus aureus, Salmonella enterica, and Pseudomonas aeruginosa, thus meeting ADAC Use Dilution Test requirements for hospital disinfectant. Efficacy tests have demonstrated that this product is an effective one-step cleaner disinfectant in the presence of organic soil (5% blood serum). 

**Kills 99.9% of Escherichia coli, Klebsiella pneumonia, Proteus vulgaris, Serratia marcescens, Staphylococcus aureus (SA) and Vancomycin-Resistant Enterococcus faecalis (VRE).**

**Active Ingredients:**

- 

**Precautionary Statements**

- **Storage and Disposal**

  Do not contaminate water, food or feed by storage or disposal. **Pesticide Storage:** Store in a cool, dry area away from heat or open flame. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **Container Disposal:** Non-refillable container; do not reuse or refill this container. Do not puncture or incinerate! If empty: Place in trash or offer for recycling if available. (This container may be recycled in the few but growing numbers of communities, where (steel) aerosol can recycling is available. Before offering for recycling, empty the can by using the product according to the label. Do Not Puncture! If recycling is not available, discard container in trash.) **Precautionary Statements**

- **Hazards to Humans & Domestic Animals**

  CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact on the eyes, skin, or clothing. Wash thoroughly with soap and water after handling.

- **First Aid**

  **If Swallowed:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

  **If on Skin or Clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

  **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
