FIRST AID:

IF ON SKIN:

Hold eye open and rinse slowly and gently with plenty of water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor, or go for treatment.

NOTE TO SANITIZER:

For 1 gallon of water, use 1/2 oz. of this product. For 2 gallons of water, use 1 oz. of this product. For solution of 1 oz. to 2 1/2 gallons of water (200 PPM), mix 1 oz. of this product per 2 gallons of water on clean surface. Let stand 10 minutes, then drain. This product is non-foaming and can be used where a foaming product is undesirable. A maximum of 200 PPM is recommended. Make solution of 2 tablespoons of this product to each quart water. Immerse fabric for 5 to 10 minutes. Rinse well in clear water. Repeat if necessary.

NOTES:

5. Sanitize in solution of 1 oz. to 2 1/2 gallons of water (200 PPM) for approximately 200 PPM available chlorine by weight. Clean or wash off the treated area with a mild detergent. Rinse well and let air dry or in direct sunlight. Use of the treated area for at least 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing of vehicles that enter the treated area with large quantities of water. Product or rinsates that cannot be used should be diluted with water before disposal in sanitary sewers or the environment.

6. Do not reuse sanitizing solution.

7. Do not contaminate water, foodstuffs, feed or seed by storage or disposal.

Directions for Sanitizing Eating and Drinking Utensils:

Prepare sanitizing solution immediately prior to use. Sanitize in solution of 1 oz. to 2 1/2 gallons of water (200 PPM). Immerse all utensils at least 2 minutes or for contact time specified by governing sanitary code. Rinse with clean water. Sanitize in solution of 1 oz. to 2 1/2 gallons of water (200 PPM). Mix 1 oz. of this product per 2 gallons of water on clean surface. Let stand 10 minutes, then drain. For the next 24 hours fill all utensils that are not in immediate use with cold water to keep them sanitary. Do not reuse sanitizing solution.
