**APPLICATION DIRECTIONS**

**FREQUENTLY ASKED QUESTIONS**

1. **What is the purpose of this product?**
   - This product is designed for use in pest control, specifically targeting mice and rats.

2. **How do I use this product?**
   - Read the instructions carefully before use. Follow the directions on the product label to ensure proper application.

3. **Can I use this product indoors and outdoors?**
   - Yes, this product is suitable for indoor and outdoor use.

4. **What are the precautions for use?**
   - Before use, read the entire label, including all directions and precautions.

5. **Is there a safety data sheet available?**
   - Yes, a safety data sheet is available. Ask your retailer for assistance in obtaining it.

6. **What should I do if I come into contact with the product?**
   - Wash exposed skin with soap and water if contact occurs. If ingested, call a poison control center or a doctor immediately.

7. **What are the storage instructions?**
   - Store the product in a cool, dry place and out of reach of children and pets.

8. **How long does the product last?**
   - The effectiveness of the product may vary depending on the environmental conditions and the type of pest.

9. **What should I do if I notice signs of pest activity after using the product?**
   - If signs of pest activity persist, reapply the product as directed or contact a professional pest control service.

10. **Is this product effective against all types of pests?**
    - This product is specifically designed for mice and rats. For other pests, please consult the label or contact a pest control professional.

**NOTICE OF WARRANTY**

By the sale, recipient with applicable law. Buyer assumes all responsibility for safety and use not in strict accordance with directions for use.
DIRECTIONS FOR USE IN PROCESS

INSTRUCTIONS FOR OPENING BAITING & RELEASING THE MOUSE BAIT STATION

1. To open the bait station, first unclip and remove the plastic key from the back of the station. Turn the key 1/4 turn counterclockwise until the key is firmly in the keyway. (See fig. 1)

2. RETURN-AND-SAVE KEY

3. Remove the plastic key holder and disconnect any remaining bait containers from the holder and the bait station. Place one 16 oz. packet into each one of the plastic key holders, with paper face facing upward. (See fig. 1)

4. Replace plastic key holder with tab until locked into the module compartment of the bait station as shown below. (See fig. 2)

5. With key still removed, replace plastic key holder and retighten the key, snug the key in the keyway of the station as shown below. (See fig. 1)

6. CLEAN AROUND THE BAIT STATION AREA BY REMOVING ALL RESIDUE, DIRT, OR OTHER MATERIALS THAT BLOCKS THE KEY OR DEPLODS OUT OF REACH OF CHILDREN, PETS, OR ANIMALS.

APPLICATION DIRECTIONS: This active ingredient in this product is different from and resistant to natural factors. All baited areas on the insecticidal bait station are exposed to the risk of re-treatment from further infestation.

Weevils: Place bait stations 1-2 feet apart in an area where infestation is expected to occur at the entrance of a single infestation. After several days, inspect each placement and dispose of any 16 oz. packet that has been consumed or has evidence of a weevil buildup or where there is evidence of infestation.

While wearing gloves, collect and properly dispose of all 16 oz. packets and used bait station. Tote away residues, labels, and packaging as much as possible. If re-infestation occurs, repeat treatment.

PACKAGING STORAGE AND DISPOSAL

DO NOT CONSUME WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
