KEEP OUT OF REACH OF CHILDREN

SEE SIDE PANELS FOR ADDITIONAL PRECAUTIONS

NET CONTENTS: 12 fl. oz. (355 ml)

SAVORS pet smelling fresh and clean with a shiny coat. Kills fleas and ticks on dogs, cats, and ferrets.

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not allow children to apply this product. Read entire label before each use. External use only on DOGS, CATS, and FERRETS. FOLLOW ALL PRECAUTIONS AND DIRECTIONS.

SHAKE WELL BEFORE USE

For external use only on Ferrets, Dogs, Cats, Puppies, and Kittens over the age of 12 months for control of Fleas and Ticks. Repeat treatment in 7 days. Do not use on puppies and kittens under 12 weeks. Consult a veterinarian before using this product on debilitated, aged, pregnant, or nursing animals. Sensitive items near containing any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

HOW TO USE:

1. Wet the animal's coat for 2 to 3 minutes with warm water. Apply shampoo on head and ears and lather. Then repeat procedure with neck, chest, and middle and hindquarters, finishing legs last and paying special attention to the bumpath between the legs and ateral areas. Wash the body and ear area carefully, making sure to keep the shampoo out of the animal's eyes. WET: A drop of glycerin is such that before bathing may prevent or reduce irritation of the shampoo in the animal's eyes. After shampooing, rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

2. For small dogs and cats less than 15 pounds, wrapping the animal in a towel or blow dryer. Allow dying fleas and ticks to crawl off animal into towel before drying. Note: A drop of glycerin in water. Apply shampoo on head and ears and lather. Then repeat procedure with neck, chest, and middle and hindquarters, finishing legs last and paying special attention to the bumpath between the legs and ateral areas. Wash the body and ear area carefully, making sure to keep the shampoo out of the animal's eyes. WET: A drop of glycerin is such that before bathing may prevent or reduce irritation of the shampoo in the animal's eyes. After shampooing, rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

3. For external use only on Ferrets, Dogs, Cats, Puppies, and Kittens over the age of 12 weeks for control of Fleas and Ticks. Do not repeat treatment for 7 days.
