FIRST AID

If Swallowed:

Call a poison control center or doctor immediately. Do not give anything by mouth to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. If the person is breathing, give only water. For more information, see the next section.

If Inhaled:

Go outdoors. If you are unable to do so, move to another room. Call a poison control center or doctor immediately.

If on Clothing:

Remove clothing immediately. If material adheres to the skin, remove clothing, then wash the area affected with water. For more information, see the next section.

If in the Eyes:

Rinse slowly and gently with running water for 15-20 minutes. Hold the eye open if it is closed. For more information, see the next section.

NOTE TO PHYSICIAN:

Consult poisoning symptoms. Inducing vomiting may cause additional problems.

READ THIS LABEL:

Read this entire label and follow all use directions, use restrictions, and precautions. For more information, see the next section.

FOR IMMEDIATE EMERGENCY INFORMATION, CALL 1-800-MP3-OHIO OR 1-800-979-OHIO (in Ohio). Call local poison control centers.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Do not allow flies to bite or sting treated animals. If a person is bitten or stung, wash the area affected with soap and water and call your doctor or a hospital immediately.

HAZARDS TO OTHER ANIMALS

CAUTION: Avoid exposure of bees to treated areas. See the label for more information.

HAZARDS TO DOMESTIC ANIMALS

CAUTION: Do not apply to or allow other animals to enter treated area until vapors, mists, and residue have disappeared and all areas where application was made are thoroughly dried. Do not allow pets or animals to enter treated area until vapors, mists, and residue have disappeared.

NOTE TO USER:

Read the entire label and follow all use directions, use restrictions, and precautions. For more information, see the next section.

PRECAUTIONARY STATEMENTS
