<td>50,000</td>
</tr>
</tbody>
</table>

**Coverage:**

- Apply 3.48 pounds per 1,000 square feet of turfgrass.
- Always apply with a properly calibrated rotary or drop type fertilizer spreader to distribute the uniform broadcast distribution of product on the treated area is essential. Do not exceed the maximum seasonal rate of 348 pounds per acre per season, excluding spot treatments.

### HOW MUCH TO APPLY:

**For Kentucky bluegrass, fescue spp., common bentgrass, and perennial ryegrass:**

- Apply 2.5 to 3.0 pounds of this product per acre (10,000 square feet) on the treated area of established lawn turfgrass. This application rate produces 125% of the net irrigation requirement is applied for any irrigation event. Apply efficient irrigations at 80 to 90% of the evapotranspiration rate to achieve long-term suppression.

### WEEDS CONTROLLED:

- Use as per or other nonflowering annual or perennial weeds. Do not apply to areas to be used as drinking water sources or where the treated area will be incorporated into food or animal feed. Do not contaminate water sources or waterways.

### DISTRIBUTION AND SPREADER PATTERNS:

Always apply this product in a manner that does not deposit or drop type fertilizer spreader to distribute the granules evenly. Never apply by hand.

**Clematis, dusky**

Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

**Clematis, American**

Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

**Clematis, white**

Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

**Clematis, Jackmanii**

Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

**Clematis, alpina**

Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

**Clematis, montana**

Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

### WEED CONTROLLED:

- Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas. Do not apply to new planting or on bare soil. Do not apply to newly seeded or recently seeded turf areas.

### STORAGE AND DISPOSAL

Do not contaminate water, food, or feed with this product.

### PESTICIDE STORAGE:

Store in original container and keep away from children and pets for at least 21 days. Do not use this product in or on a stream, lake, pond, or other body of water unless the treated area will be incorporated into food or animal feed. Do not contaminate water, food, or feed with this product.
