Tomcat Brands Guarantee:
If for any reason you, the consumer, are not satisfied with this product, mail us your original proof of purchase to obtain a full refund of your purchase price.

Important Use Information:
- Do not submerge in water. When storing, keep in container with battery terminals open. Submerging the batteries can result in corrosion and damage.
- Do not store or use with water. Water can damage the battery terminals and cause corrosion.

Directions For Use:
- For residential use only. Do not apply to new transplants, newly rooted cuttings, or drought stressed plants.
- Do not apply to plants when day time temperatures exceed 90° F.
- Prior to full scale application to plants, spray an inconspicuous area and wait 24 hours to observe for potential damage. Also test blooms for sensitivity.
- This product can be applied as long as spray head and liquid are not frozen. If product freezes, return to room temperature and use according to directions.

Post Harvest:
When applied to edibles, thoroughly wash crops prior to eating. Rub produce in hands under running water and pat dry. Produce with rinds, grooves, or waxy skins should be scrubbed with a brush under running water and dried prior to consumption. For leafy vegetables, remove outer layer, thoroughly rinse remainder, and pat dry.

Storage & Disposal:
- Store in original container, in a cool, dry area. Keep container tightly closed.
- When container is empty, place in trash or offer for recycling if available.

Use Precautions:
- Do not apply directly to new transplants, newly rooted cuttings, or drought stressed plants.
- Do not make applications when day time temperatures exceed 90° F.
- Prior to full scale applications to plants, spray an inconspicuous area and wait 24 hours to observe for potential damage.
- This product can be applied as long as spray head and liquid are not frozen. If product freezes, return to room temperature and use according to directions.
