Supplemental Label

For soilborne/seedling disease control and plant health using in-furrow applications to sugar beet

This supplemental label expires July 31, 2019, and must not be used or distributed after this date.

Active Ingredient: (Component A)
Bacillus amyloliquefaciens, strain MBI 600* ....................................................................................................... 6.12%
Other Ingredients: ............................................................................................................................................. 93.88%
Total: .................................................................................................................................................................. 100.00%

* Contains not less than 2.2 x 10¹⁰ viable spores per mL

Active Ingredient*: (Component B)
pyraclostrobin: (carbamic acid, [2-[[1-(4-chlorophenyl)-1H-pyrazol-3-yl]oxy[methyl]phenyl]methoxy-, methyl ester) .................................................................................................................. 23.60%
Other Ingredients**: .......................................................................................................................................... 76.40%
Total: .................................................................................................................................................................. 100.00%

* Equivalent to 2.09 pounds of pyraclostrobin per gallon
** Contains petroleum distillates

EPA Reg. No. 7969-368
WARNING/AVISO

Directions For Use

• It is a violation of federal law to use this product in a manner inconsistent with its labeling.

• The supplemental labeling and the entire Xanthion® In-furrow fungicide (also referred to as Xanthion on this label) container label, EPA Reg. No. 7969-368, must be in possession of the user at the time of application.

• Read the label affixed to the container for Xanthion before applying.

• Use of Xanthion according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for Xanthion.

Application Instructions

Apply Xanthion according to the Crop-specific Use Directions in this label. Observe any additional instructions and/or restrictions on the Xanthion container label.

Group 11 44 Fungicide

BASF Corporation
26 Davis Drive, Research Triangle Park, NC 27709

</tbody>
</table>

If other row spacing is used, maintain the rates of **Component A** (0.6 to 2.4 fl ozs/A) and **Component B** (3.0 to 12.0 fl ozs/A) at a 1:5 ratio (A:B).

*In-furrow rate calculation and row spacing conversion for Xanthion® In-furrow fungicide.*

To determine fl ozs/1000 row feet:

\[
\text{total fl ozs of product/A} \times \frac{1000 \text{ row ft}}{\text{row feet per acre based on row spacing}} = \frac{\text{fl ozs of product}}{1000 \text{ row ft}}
\]

Row spacing conversion:

- 7 inches = 74,682 row ft; 15 inches = 34,848 row ft;
- 20 inches = 26,136 row ft; 22 inches = 23,760 row ft;
- 30 inches = 17,424 row ft; 32 inches = 16,315 row ft;
- 34 inches = 15,374 row ft; 36 inches = 14,520 row ft;
- 38 inches = 13,754 row ft; 40 inches = 13,068 row ft

If other row spacing is used, maintain the rates of **Component A** (0.6 to 2.4 fl ozs/A) and **Component B** (3.0 to 12.0 fl ozs/A) at a 1:5 ratio (A:B).
Conditions of Sale and Warranty

The Directions For Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and must be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or use of the product in a manner inconsistent with its labeling, all of which are beyond the control of BASF CORPORATION ("BASF") or the Seller. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer.

BASF warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes referred to in the Directions For Use, subject to the inherent risks, referred to above.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR MERCHANTABILITY OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BUYER'S EXCLUSIVE REMEDY AND BASF'S EXCLUSIVE LIABILITY, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE, SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THE PRODUCT.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, BASF AND THE SELLER DISCLAIM ANY LIABILITY FOR CONSEQUENTIAL, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT.

BASF and the Seller offer this product, and the Buyer and User accept it, subject to the foregoing Conditions of Sale and Warranty which may be varied only by agreement in writing signed by a duly authorized representative of BASF.
