Kills Weed Roots!

This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where there is a potential for groundwater contamination may cause or contribute to harmful effects to the environment. Where there is a possibility of inadvertent spraying on adjacent properties or onto groundwater recharge areas, use the product with extreme caution. Follow all good housekeeping practices to prevent accidental application to nearby areas or to the environment. Apply this chemical in a manner that minimizes the potential for drift or runoff into non-target areas.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the treated area until it is dry. Wash hands thoroughly after handling and before eating, drinking, or smoking.

May cause damage to non-target plants. For information on the types of non-target plants that may be affected by this product, refer to the Product Data Sheet (PDS) and the label instructions.

Aircraft application is not recommended.

ALMACENAMIENTO Y ELIMINACIÓN

Si está parcialmente vacío:

• Si algunas malezas resistentes no mueren en el plazo de tres semanas, repita el tratamiento a las zonas afectadas.

• Para obtener mejores resultados, corte el césped de dos a tres días antes de tratar las malezas.

DOLAS DE VERDAD sobre la eliminación de los envases:

Si el envase está completamente vacío, lávelo y cúbralo con plástico antes de depositarlo en el recipiente de basura. Si el envase está parcialmente vacío:

**MODO DE EMPLEO**

**Consejos sobre el uso**

- No mezcle con ningún otro producto, ya sea comercializado o no, que no se indique en esta etiqueta.

**Almacenamiento y eliminación**

- Almacene este producto fuera de la mano de niños y mascotas.

- Este producto no es para uso en el hogar.

- No permita que el producto entre en contacto con o se mezcle con agua potable, ni la lluvia arrastre o quiten el pesticida de la zona de tratamiento.

- No permita que el pesticida entre en contacto con cualquier persona o mascota, ya sea directamente o por arrastre.

- Mantenga a las personas y las mascotas lejos del área de tratamiento.

**CÓMO USAR**

**CUANDO USAR**

- For the best results, apply this product to foxtail during the early growth stages or when foxtail is 1 to 4 inches tall. Use two applications at the same rate with a 14-day interval for dense populations.

- For more difficult-to-control weeds, use two applications at the same rate with a 14-day interval. Apply the second application at least 14 days after the first application.

- For broadleaf weeds, use two applications at the same rate with a 14-day interval.

**APLICACIÓN AL CÉSPED BERMUDA**

- Cuando las temperaturas diurnas sean superiores a los 90°F. No aplique al césped zoysia recién saliendo de inactividad, ya que puede causar daño al césped.

- El riego en las 24 horas siguientes al tratamiento puede reducir la eficacia.

- Para evitar el riesgo de causar daño al césped, no rocíe en las áreas de césped bajo estrés hídrico.

- Para el césped Bermuda, puede causar amarillamiento temporal, pero se puede esperar una recuperación total.

- Para evitar el riesgo de causar daño al césped, no rocíe en las áreas de césped bajo estrés hídrico.

- El riego en las 24 horas siguientes al tratamiento puede reducir la eficacia.

**CUANDO NO USAR**

- Si hace mucho viento y no se anticipe lluvia en las siguientes 24 horas ayudará a asegurar que ni el viento ni la lluvia arrastren o quiten el pesticida de la zona de tratamiento.

- Para proteger el medio ambiente, no permita que el pesticida entre o se desvíe en los arroyos, desviaciones, cañadas, o aguas superficiales.

**CONSERVER À PROCÉDER**

- Ne mélangez pas avec aucun autre produit, commercial ou non, qui n'est pas spécifié sur cette étiquette.

- Ce produit n'est pas destiné à l'usage domestique.

- Ne laissez pas le produit entrer en contact avec une personne ou un animal, y compris par éclaboussures ou dérives.

- Maintenez les personnes et les animaux à l'écart de la zone de traitement.

**MÉTHODE D'EMPLOI**

**CONSEILS SUR L'EMPLOI**

- Ne mélangez pas avec aucun autre produit, commercial ou non, qui n'est pas spécifié sur cette étiquette.

- Ce produit n'est pas destiné à l'usage domestique.

- Ne laissez pas le produit entrer en contact avec une personne ou un animal, y compris par éclaboussures ou dérives.

- Maintenez les personnes et les animaux à l'écart de la zone de traitement.

**LORS DE L'EMPLOI**

**QUAND UTILISER**

- Pour les meilleurs résultats, appliquez ce produit aux foxtail durant les stades de croissance précoce ou lorsque les foxtail sont de 1 à 4 pouces de hauteur. Utilisez deux applications à la même dose avec un intervalle de 14 jours pour les populations denses.

- Pour les plantes dures à contrôler, utilisez deux applications à la même dose avec un intervalle de 14 jours. Appliquez l'application secondaire au moins 14 jours après l'application initiale.

- Pour les plantes à feuilles larges, utilisez deux applications à la même dose avec un intervalle de 14 jours.

**APPLIQUER SUR LE CÉSPE BERMUDA**

- Lorsque les températures diurnes sont supérieures à 90°F. Ne l'appliquez pas sur le gazon Zoysia récemment sorti de l'inactivité, car il peut causer des dommages au gazon.

- L'irrigation immédiate après le traitement peut réduire l'efficacité.

- Pour éviter le risque de causer des dommages au gazon, ne l'appliquez pas sur les zones de gazon sous stress hydrique.

- Pour le gazon Bermuda, il peut causer un jaunissement temporaire, mais une réplication séquentielle est attendue.

- L'irrigation immédiate après le traitement peut réduire l'efficacité.

- Pour éviter le risque de causer des dommages au gazon, ne l'appliquez pas sur les zones de gazon sous stress hydrique.

- L'irrigation immédiate après le traitement peut réduire l'efficacité.
Para obtener mejores resultados, aplique cuando las malezas de hoja ancha son jóvenes y están en crecimiento activo con la humedad de suelo adecuada. 

**CONSEJOS SOBRE EL USO**

1. Gire la boquilla a un tipo de rocío grueso. Evite los rocíos demasiado finos porque pueden causar arrastre y dañar otras plantas.

2. Rocíe las malezas no deseadas hasta cubrirlas por completo.

3. Para obtener mejores resultados, aplique cuando las malezas de hoja ancha son jóvenes y están en crecimiento activo con la humedad de suelo adecuada.

**MODO DE EMPLEO**

1. Gire la boquilla a un tipo de rocío grueso. Evite los rocíos demasiado finos porque pueden causar arrastre y dañar otras plantas.

2. Rocíe las malezas no deseadas hasta cubrirlas por completo.

3. Para obtener mejores resultados, aplique cuando las malezas de hoja ancha son jóvenes y están en crecimiento activo con la humedad de suelo adecuada.

**CONTENIDO COMÚN DE INOCULACIONES**

- Camino de por lo menos 30 días entre las aplicaciones; algunas malezas pueden demorar ese tiempo en morir.

**CUÁNDO USAR‡**

- **VERANO:** Para obtener mejores resultados, rocíe cuando las malezas de hoja ancha son jóvenes y están en crecimiento activo con la humedad de suelo adecuada.

**CONSEJOS SOBRE EL USO**

1. Gire la boquilla a un tipo de rocío grueso. Evite los rocíos demasiado finos porque pueden causar arrastre y dañar otras plantas.

2. Rocíe las malezas no deseadas hasta cubrirlas por completo.

**PRECAUTIONARY STATEMENTS**

**First Aid**
1. If you inhale the fumes, move to the fresh air.
2. If you feel dizzy, call the Poison Control Center.
3. Do not induce vomiting. Induce vomiting only if instructed to do so by a Poison Control Center or doctor.
4. Do not give foods or drinks.
5. Get medical help immediately.

**Hazardous Ingredients**
- **Herbicide**
- **Waste Organic Material**
- **Salt and Water**
- **Toxic Substances**
- **Volatile Solvents**

**Storage and Disposal**
- Do not store near other chemicals.
- Do not mix with other products.
- Do not dispose of in drains or sewers.
- Do not apply near water sources.
- Do not apply in windy conditions.
- Do not apply on or near aquatic plants.

**Uses**
- For weed control in lawns.
- For weed control in gardens.
- For weed control in landscapes.
- For weed control in vineyards.
- For weed control in orchards.

**NOTICE**
- This product is harmful to humans and domestic animals. Use only as directed.
- Do not use near food or livestock.
- Do not use near water sources.
- Do not use near children.

**DIRECTIONS FOR USE**

**Read and Follow Label Directions**
- For best results, use on small weeds.
- For best results, use on young weeds.
- For best results, use on emerging weeds.

**Application**
- Apply at the rate of 1 tablespoon per 100 square feet.
- Apply at the rate of 1 gallon per 500 square feet.
- Apply at the rate of 1 quart per 1000 square feet.

**Contact Time**
- Applications should be made when weeds are small and susceptible to treatment.

**Weather Conditions**
- Apply the product on a calm day.
- Avoid applying the product when the temperature is below 50°F.

**Surface Water**
- Do not apply to or near lakes or streams.
- Do not apply to or near ponds or ditches.

**Soil Type**
- Do not apply to or near sandy soils.
- Do not apply to or near clay soils.

**Soil Moisture**
- Do not apply to or near dry soils.
- Do not apply to or near wet soils.

**Insects and Mice**
- Do not apply to or near insects.
- Do not apply to or near mice.

**Storage**
- Store in a cool, dry place.
- Store in a secure location.
- Do not store with food or pet food.

**Disposal**
- Do not pour down the drain.
- Do not pour on the ground.
- Do not pour on the soil.

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**
- Do not apply to or near children.
- Do not apply to or near pets.
- Do not apply to or near livestock.

**Inhalation**
- Do not inhale the fumes.
- Do not breathe the dust.

**Ingestion**
- Do not eat the product.
- Do not drink the product.

**Skin Contact**
- Do not touch the product.
- Do not apply the product.

**Eyes**
- Do not get the product in your eyes.
- Do not apply the product near eyes.

**PRECAUTIONS**
- Do not use near food or livestock.
- Do not use near children.
- Do not use near water sources.

**First Aid Measures**
- For first aid treatment, see the label.
- For emergency medical treatment, call 911.

**NHANES**
- No health effects are expected.
- No immediate or delayed health effects are expected.

**SUPERVISED USE**
- Use only as directed.
- Use only by a professional.
- Use only by a registered applicator.

**RICH LAWN**
- Apply to or near lawns.
- Apply to or near lawns.
- Apply to or near lawns.

**SAFETY FIRST**
- Use only as directed.
- Use only by a professional.
- Use only by a registered applicator.

**LABELS**
- Read the label carefully.
- Follow all directions.
- Follow all precautions.

**IMPORTANT**
- Do not contaminate water, food, or feed by storage or disposal.
- Apply only as directed.
- Use only as directed.

**CONSUMER INFORMATION**
- Use only as directed.
- Use only by a professional.
- Use only by a registered applicator.
