For best results, apply in late to mid-spring when weeds are active and actively growing. Use in a non-fertile row or tree area, or in a non-lawn area, to establish new lawn. Do not plant new grass within the area where the product has been applied.

**PRODUCT FACTS:**

- **Name:** Scotts® Miracle-Gro® 32 oz Ace Weed & Grass Killer
- **Type:** Concentrate
- **Amount to Use:** 32 oz
- **Use On:** All types of weeds and grasses
- **Kills:** Weeds in 1 to 2 weeks, roots and all. Use around flowers, shrubs and trees, in front of house, around trees and shrubs, along fences, walks, driveways, patios, sidewalks, and mulch. Will not build up in the soil to hurt desirable plants or lawns growing nearby.

**DIRECTIONS FOR USE:**

- **For best results:**
  - Keep area moist for 2 weeks, to establish new lawn, then water as needed.
  - Apply seed according to directions on seed package, or install sod. Grass seed must have good contact with soil to germinate and grow.
  - If green patches remain after 7 days, reapply.
  - Rake or till to prepare area for planting seed or sod.
  - Wait 7 days for weeds and lawn to die. Repeat if necessary.
  - If soil is dry, water before application and 2 to 3 days after application. Use this product to kill an unwanted lawn and its weeds before planting a new lawn.
  - If vines are climbing shrubs or tree trunks with green bark, cut vines at base and treat as directed with a piece of cardboard or plastic.
  - If vines are growing up poles, fences, or tree trunks with mature bark, cut vines to a height of 3 to 4 feet and spray vines thoroughly.
  - If vines are climbing shrubs or tree trunks with green bark, cut vines at base and treat as directed for stump or spray re-growth. If spraying re-growth, shield shrubs and green bark from spray drift with a piece of cardboard or plastic.
  - **For Lawn Preparation:**
    - Use this product in an unseeded lawn and its weeds before planting a new lawn.
    - Use in front of house, around trees and shrubs, in front of house, around trees and shrubs, along fences, walks, driveways, patios, sidewalks, and mulch. Will not build up in the soil to hurt desirable plants or lawns growing nearby.

**REGULATORY SIZES:**

- **LabelPortion Of Primary Front Panel In Square Inches (WXH):** 16.64
- **Minimum Front Size (All Panels):** 6
- **Keep Out Of Reach Of Children:**
  - **Location:** 805041005
  - **Employee:** 805041005

**FOR WEED & GRASS CONTROL:**

- **Use this product in a non-lawn area, to establish new lawn. Do not plant new grass within the area where the product has been applied.

INSTRUCCIONES DE USO
Se considera una violación a la ley federal usar este producto con otros fines que los indicados en la etiqueta.
Lea la etiqueta por completo. Use solo conforme a las instrucciones de la etiqueta.

Cómo usar
Ajuste la boquilla para conseguir un rocío amplio. Coloque la punta del atomizador a una distancia aproximada de entre 1 y 2 pies (30 y 60 cm) de la maleza. Rocíe la maleza hasta que el follaje esté mojado. Después de usarlo gire la boquilla del rociador a la posición de “off” (apagado) para almacenarlo.

Importante: Rocíe con cuidado cuando no haya viento. Evite rociar o dejar que la brisa lo deposite sobre grama o pastos deseables, arbustos o árboles. Este producto puede matar o dañar toda la vegetación con la que entre en contacto. Si se deposita accidentalmente en follaje deseable, enjuáguelo inmediatamente con agua.

Dónde usar
Para eliminar enredaderas – Si las enredaderas están trepando en postes, cercas o troncos de árboles con cortezas maduras, corte las enredaderas a una altura de 3 a 4 pies y rocíeles minuciosamente. – Si las enredaderas están trepando arbustos o troncos de árboles con cortezas verdes, corte las enredaderas en su base y trátelas como si fueran tocones, o rocíe sobre todo el crecimiento nuevo. Si va a rociar sobre crecimiento nuevo, proteja los arbustos y la corteza verde con cartón o plástico para evitar que el viento arrastre el producto.

Para renovar el césped Use este producto para eliminar el césped no deseado y las malezas antes de plantar césped nuevo.

Cuándo aplicar
Use este producto para matar malezas, gramas y matorrales antes de plantar flores, frutas, hortalizas o hierbas.

Regulaciones
Este producto está libre de sustancias perjudiciales para el medio ambiente.

Artículo
Este producto no debe ser usado en contacto con el agua potable, los animales domésticos o los alimentos que se consumen en un estado natural.

Este producto está libre de sustancias perjudiciales para el medio ambiente.

ENVIRONMENTAL HAZARDS:
To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Do not apply in areas where water is a primary source of human consumption.

NOTICE: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.
