Step 1: Test and adjust pool water balance, Step 2: Chlorinate and clarify, Step 3: Shock treat your pool at least once a week, and Step 4: Add addition of algaecide.

When swimming season is over, add 4 oz. of this product per 10,000 gallons of pool water. This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is returned to use the following season.

**CLOSING YOUR POOL:**

MAINTENANCE DOSE: Add 2 oz. of this product per 10,000 gallons of pool water each month.

CLOSING YOUR POOL: When swimming season is over, add 4 oz. of this product per 10,000 gallons of pool water. This dosage helps control algae growth during the winter months and aids the servicing of the pool before it is returned to use the following season.

**OPENING YOUR POOL or START-UP DOSE:** Add 6 oz. of this product per 10,000 gallons of pool water.

**DIRECTIONS FOR USE:**

Always apply chemicals separately. Never combine them. Add this product either directly to pool or through the skimmer while pump is in operation. Pools with heavy growth of algae must be cleaned prior to using this product. Continue to keep the pump running for several hours after addition of algicide.

**HOW TO USE:** For pool startup and routine maintenance, use this product as follows:

- **For pool startup**
  - Add 6 oz. of this product per 10,000 gallons of pool water.
- **For routine maintenance**
  - Add 2 oz. of this product per 10,000 gallons of pool water each month.

**FIRST AID:**

- IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- IF INHALED: Remove person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- IF SWALLOWED: Call a poison control center or doctor for further treatment advice.

**UNPACKING / HANDLING:**

- Keep this product dry in its original tightly closed container when not in use. Store in a cool, dry, well-ventilated area away from heat or open flame. Nonrefillable container.
- Do not reuse or refill this container. Rinse empty container thoroughly with water to dissolve all material prior to disposal. Offer for recycling if available. Do not contaminate food or feed by storage or disposal or cleaning of equipment.
