Reef-Gal®/Moth-Tele® Snowwhite® Moth Ball Packets were specially developed to provide unscented protection from clothes moths without the harsh smell and messy residue. Reef-Gal®/Moth-Tele® combines one of the most effective mothproofing ingredients available with a fresh lavender scent to create a hard-working product that actually smells good! These fresh-smelling mothballs are encased in moisture-proof paper packets, which allow the active ingredient to work while protecting you and your clothes from messy flake residues.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

IMPORTANT:

Keep out of reach of children. Do not place in areas accessible to children.

Use Restrictions:

This product can treat up to 37.5 cubic feet. Kills clothes moths and carpet beetles and their eggs and larvae in clean, airtight containers, such as chests, trunks, and garment bags. Do not use dry cleaning bags, garbage bags or other containers that allow vapors to escape into occupied rooms. This product can damage some plastics. Use only in polyethylene or polypropylene containers. p-Dichlorobenzene should not be mixed or placed in contact with other moth preventive chemicals or placed on painted, polished or plastic surfaces.

Pre-Application Directions:

Clean all fabrics before storage. Prevent moth infestation regardless of fabric type.

Application Directions:

Calculate the volume to be treated in cubic feet by multiplying the height times the width times the depth of the space. Four packets can treat about 3 cubic feet of storage space. Examples of the amount of product required for proper treatment are listed below:

- 4 packets Small Storage Box (3 cu. ft.)
- 14 packets Average Garment Bag (12 cu. ft.)
- 18 packets Large Trunk (15 cu. ft.)

The proper treatment of larger volumes may require the use of additional containers of packets. To ensure protection of your clothes, use the recommended amount of packets. Do not remove the mothballs from the packets. Scatter packets throughout the storage area. Storage containers should be tightly closed at all times. Replace when mothballs have dissipated. Odor quickly vanishes when articles are aired.

STORAGE AND DISPOSAL:

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage:

Always use original container, as it is by law inaccessible to children and pets.

Pesticide Disposal and Container Handling:

Nonrefillable container. Do not reuse or refill container.

Hazardous Waste:

Place in trash or offer for recycling if available. Call local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS:

For Humans and Domestic Animals:

WARNING:

Do not allow children to handle this product. Keep out of reach of children. Do not eat, drink or smoke while handling this product. Wash hands with soap and water after handling. Avoid breathing dust. Wash immediately with soap and water if contact occurs.

NOTICE:

This product contains a chemical known to the State of California to cause cancer.

FIRST AID:

If in eyes:

Hold eye open and rinse slowly and thoroughly with water for 15-20 minutes.

If swallowed:

Call a Poison Control Center or doctor immediately for treatment advice.

If on skin:

Take off contaminated clothing.

If inhaled:

Move person to fresh air.

If shaken:

Wear protective equipment if dusting.

If swallowed:

Do not induce vomiting unless told to do so by a doctor.

NOTE TO PHYSICIAN:

Probable mucosal damage may contraindicate the use of gastric lavage.

PHYSICAL OR CHEMICAL HAZARDS:

Combustible. Do not use or store near heat or open flame.

ACTIVE INGREDIENT:

p-Dichlorobenzene (%):

16.0%

EPA Reg. No. 1475-143

EPA Est. No. 1475-M0-1

Total:

16.0%

KEEP OUT OF REACH OF CHILDREN
