ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish and wildlife. Do not discharge effluent containing this pesticide into lakes, streams, ponds, estuaries, oceans or public waters unless this product is specifically identified and addressed in an NPDES permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water by cleaning of equipment or disposal of waste. Apply this pesticide only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS: Do not store or transport in unlined metal containers.

STORAGE AND DISPOSAL
PESTICIDE STORAGE: Do not contaminate food or feed by storage, disposal or cleaning of equipment.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Non-refillable container. Do not reuse or refill this container. Triple rinse container promptly after emptying. Triple rinse as follows: For containers > 5 gallons in size - Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two or three times. Then offer the container for recycling if available or puncture and dispose of in a sanitary landfill, or by other methods approved by state or local authorities.

GENERAL: CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITIES FOR APPROVED ALTERNATIVE PROCEDURES.

CONDITIONS OF SALE AND WARRANTY
Koppers Performance Chemicals warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. MANUFACTURER/SUPPLIER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY. Handling, storage and use of the product by Buyer or User are beyond the control of Manufacturer/Supplier and Seller. Risks such as unintended consequences resulting from, but not limited to, failure to follow label directions will be assumed by the Buyer or User to the extent consistent with applicable law. IN NO CASE WILL MANUFACTURER/SUPPLIER OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT TO THE EXTENT CONSISTENT WITH APPLICABLE LAW.

PRODUCT TO THE EXTENT CONSISTENT WITH APPLICABLE LAW.

IN NO CASE WILL MANUFACTURER/SUPPLIER OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT TO THE EXTENT CONSISTENT WITH APPLICABLE LAW.

ACTIVE INGREDIENT:
2-n-Octyl-4-isothiazolin-3-one 46.5%
OTHER INGREDIENTS: 53.5%
TOTAL: 100.0%

KEEP OUT OF REACH OF CHILDREN
DANGER - PELIGRO

See Side panel for additional precautionary statements

FIRST AID

If in Eyes: - Hold eye open and rinse slowly and gently with water for 15-20 minutes. - Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. - Call a poison control center or doctor for treatment advice.

If on Skin or Clothing: - Take off contaminated clothing. - Rinse skin immediately with plenty of water for 15-20 minutes. - Call a poison control center or doctor for treatment.

If Swallowed: - Call a poison control center or doctor immediately for treatment advice. - Have person sip a glass of water if able to swallow. - Do not induce vomiting unless told to do so by the poison control center or doctor. - Do not give anything by mouth to an unconscious person.

If Inhaled: - Move person to fresh air. - If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. - Call a poison control center or doctor for further treatment.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For general information on product use, etc., call the National Pesticide Information Center at 1-800-858-7378, 8:30 AM to 4:30 PM Pacific Time (PT), seven days a week. You may also contact the poison control center at 1-800-222-1222 for emergency medical treatment information.

Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Precautionary Statements:
Hazards to Humans and Domestic Animals

DANGER
CORROSIVE. CAUSES IRREVERSIBLE EYE DAMAGE AND SKIN BURNS. MAY BE FATAL IF SWALLOWED OR ABSORBED THROUGH SKIN. HARMFUL IF INHALED. DO NOT GET IN EYES, ON SKIN OR ON CLOTHING. WEAR GOGGLES, FACE SHIELD, OR SAFETY GLASSES. WEAR LONG-SLEEVED SHIRT, LONG PANTS, SOCKS, RUBBER GLOVES, AND CHEMICAL- RESISTANT FOOTWEAR. WASH THOROUGHLY WITH SOAP AND WATER AFTER HANDLING AND BEFORE EATING, DRINKING, CHEWING GUM, USING TOBACCO OR USING THE RESTROOM. REMOVE AND WASH CONTAMINATED CLOTHING BEFORE REUSE. PROLONGED OR FREQUENTLY REPEATED SKIN CONTACT MAY CAUSE ALLERGIC REACTIONS IN SOME INDIVIDUALS.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Cleanwood 46-Plus is an industrial microbiocide to be used for the protection of wood coatings and wood coating solutions including *sapstain control against attack by mildew and fungus. *

*Not approved for these uses in the State of California

DRY FILM PRESERVATIVE FOR WOOD COATINGS, WOOD COATING SOLUTIONS: 0.02 - 0.29% 0.02 - 0.29 LB / PER 100 LB PRODUCT

The amount of Cleanwood 46-Plus needed to protect dry and the applied/wet-states of wood coatings varies with the type of formulation and exposure conditions of the film (e.g., indoor vs. tropical climates). Koppers Performance Chemicals will assist in the determination of the optimum quantity required by your product. This facility is especially helpful where a formulation has a greater than usual susceptibility to microbiological spoilage and/or is to be used in an area where the environmental conditions are particularly conducive to fungal growth.

Cleanwood 46-Plus may be used at higher concentrations so long as the end-use product/article contains a maximum concentration of not greater than 1320 ppm OIT.

*SAPSTAIN CONTROL:
1 - 5 QT / PER 250 GAL WATER
To control sapstain on debarked logs and lumber, prepare a working solution by mixing with water. The working solution must be mixed thoroughly before and during use. Apply the working solution with a spray or dip system that coats all surfaces of the wood evenly and thoroughly. Treated wood must not be used or placed where it may contact food or animal feed.

*Not approved for this use in the State of California
