**DIRECTIONS FOR USE**

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

This preservative is recognized as effective for above ground use and not recommended for ground contact. Woodlife® 111 HP is intended for use on new lumber, plywood, particleboard, waterboard, milkwood and similar type of wood products.

For best results, this product must be applied so as to effect maximum penetration into wood and heavy checking, grain raising and warping.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear chemical resistant gloves, such as barrier laminate, nitrile rubber, neoprene rubber or viton.

**PERSONAL PROTECTIVE EQUIPMENT (PPE)**

Mixers and loaders using liquid formulation must wear:

1. Long-sleeved shirt and long pants.
2. Shoes and socks, and chemical resistant gloves. Some materials/gloves that are chemical-resistant to this product are barrier laminate, nitrile rubber, neoprene rubber and viton.

**USER SAFETY REQUIREMENTS**

- Follow manufactures instructions for decontaminating PPE if no such instructions exist for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.
- Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrates. Do not reuse them.

**FIRST AID**

**IF ON SKIN OR ON CLOTHING**

- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15 to 20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF SWALLOWED**

- Call a poison control center or doctor immediately for treatment advice.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give any liquid to person.
- Do not give anything by mouth to an unconscious person.

**IF INHALED**

- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**IF IN EYES**

- Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Get immediate medical attention.
- Call poison control center or doctor for treatment advice.

**NOTICE TO PHYSICIAN**

- Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

**STORAGE AND DISPOSAL**

- Do not contaminate water, food, or feed by storage or disposal.
- Storage: Store in a closed, properly labeled container in a cool place. If static generating conditions exist, provide necessary grounding and bonding. Keep containers closed when not in use.
- Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER HANDLING**

Nonrefillable container. Do not reuse or refill this container. Triple rinse container or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container 1/4 full with water. Replace and tighten closures. Tip container on its side and roll it back and forth ensuring at least one complete revolution for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinseate into application equipment or a mix tank or store rinseate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to fish and shrimp. Do not apply directly to water. Do not contaminate water when disposing equipment wastewaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Eliminations System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewage systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of Environmental Protection Agency.

**PHYSICAL OR CHEMICAL HAZARDS**

Combustible - Do not use, pour, spill, or store near heat or open flame.

**IN CASE OF FIRE**

Use alcohol foam, dry chemical, carbon dioxide, water spray, foam or fog to extinguish fire.

**LIMIT OF WARRANTY AND LIABILITY**

We warrant this material to comply with our published specifications and to be of good merchantable quality and such as will regularly pass in the trade for goods within the description, and furthermore warrant such goods to be fit for the normal purposes for which goods are used. We assume no responsibility that the goods concerned in this contract are fit for any particular purpose for which they are being bought outside of the general purposes of goods of the description.

Woodlife® 111 HP

Preserves Wood, Stops Rot and Decay, Prevents Fungi and Molds on Wood and Wood Composites, Clear, Paintable

**KEEP OUT OF REACH OF CHILDREN**
