**Clorox® Pool&Spa™ Goodbye Green Algaecide**

**SWIMMING POOL ALGAECIDE AND ALGAE PREVENTATIVE**

Clorox® Pool&Spa™ Goodbye Green Algaecide is especially formulated to kill and control green, blue-green (frequently called black or spot algae) and mustard algae growths. Clorox® Pool&Spa™ Goodbye Green Algaecide can be used as a remedy for visible algae or to prevent algae from occurring. See use directions for Prevention of Algae or Treatment of Visible Algae for proper application of Clorox® Pool&Spa™ Goodbye Green Algaecide.

**IMPORTANT NOTES:**
1. Do not use on pools saturated with bifouls or pools treated with hydrogen peroxide.
2. Prior to the initial application of this product, test pool water for the presence of metals. If metals are present, apply a metal stain preventative per label directions.
3. When using other products, always follow label directions for those products.
4. In use dilution, this product is non-staining to pool surfaces and equipment.

**DIRECTIONS FOR USE:**

**TO PREVENT POOL ALGAE:**
1. Initially apply 8 fluid ounces of this product per 10,000 gallons of pool water with pump and filter operating.
2. Thereafter, weekly application intervals, add 1.5 fluid ounces per 10,000 gallons of pool water. For two week application intervals, add 3 fluid ounces per 10,000 gallons of pool water every other week. Apply more often if pool volume is diluted by heavy rain, frequent backwashing or partial draining.
3. Wait at least 15 minutes after application before entering pool.

**TREATMENT OF VISIBLE POOL ALGAE:**
1. Apply a Clorox PoolSpa® shock or oxidizer per label directions.
2. Allow to circulate for 1 hour.
3. With pump and filter operating, apply 16 fluid ounces of this product per 10,000 gallons of pool water directly to the pool water in areas of heaviest algae growth.
4. Continuously circulate pool water for 24 hours.
5. The next day, thoroughly brush pool surfaces.
6. Prior to re-entry, test chlorine level. Do not enter pool until chlorine level is between 1-4 ppm.
7. In cases of persistent algae, repeat brushing and product application after 2-4 days.

**STORAGE AND DISPOSAL:**

**CONTAINER STORAGE:** Keep this product in its original tightly closed container when not in use. Store in a cool, dry, well ventilated area. **CONTAINER DISPOSAL:** Non-refillable container.

**PRECAUTIONARY STATEMENTS:**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS:**

**DANGER:** Corrosive. Causes Irreversible eye damage and skin burns. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear protective eyewear (safety glasses or goggles) and rubber gloves. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**PHYSICAL OR CHEMICAL HAZARDS:** Do not mix with other chemicals.

**FIRST AID:**

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor.

**IF SWALLOWED:**

Call poison control center or doctor immediately for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER:** See back panel for First Aid and additional Precautionary Statements.

**ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic organisms.

**KEEP OUT OF REACH OF CHILDREN**

**DANGER:** See back panel for First Aid and additional Precautionary Statements.

**NOTE:** User assumes all responsibility for use not in accordance with directions. Metals from source water, ionizers or poorly maintained equipment may cause the presence of metals. If metals are present, apply a metal stain preventative per label directions. Apply a Chelating Agent (chelating agent) before using this product.

**ACTIVE INGREDIENTS:**

- Poly[(oxyethylene) (dimethyliminio) ethylene] (dimethyliminio) ethylene dichloride]............. 6.50%
- Copper sulfate pentahydrate** 13.07%
- Metallic Copper 3.3%
- Other Ingredients: ............... 80.43%

**TOTAL:** 100.00%
