Questions or Comments call 1-877-332-0755 www.tomcat.com

Tomcat Brands Guarantee:
If for any reason you, the consumer, are not satisfied with this product, mail us your original proof of purchase to obtain a full refund of your purchase price.

This product has not been registered by the United States Environmental Protection Agency. Tomcat Brands represents that this product qualifies for exemption from registration under the Federal Insecticide, Fungicide, and Rodenticide Act.

CAUTION:
Always use good safety practices when using this product, such as avoiding contact with eyes and skin and keeping out of reach of children and pets. If eye or skin contact occurs, flush thoroughly with water. For medical information call 1-877-332-0755.

STORAGE & DISPOSAL
STORAGE:
Store in original container in a cool, dry area. Keep container tightly closed.

DISPOSAL:
When container is empty, place in trash or offer for recycling if available.

Directions For Use:
• For residential use only. Do not offer treated food products (such as fruits and vegetables) for sale.*
• Shake container well before using. Product is ready to use and does not need to be mixed or diluted.
• Spray plant leaves, stems, flowers, edibles, and branches that need protection, making sure plants are covered. For extra protection on low growing plants, spray soil around plant base as well.
• Allow 30 minutes for this product to dry before watering of any kind. Watering at the root is recommended to extend repellency longevity.
• Repeat application every 30 days, at first sight of new damage, or new plant growth. More frequent application may be required after periods of heavy rainfall and if more damage is noticed.

Post Harvest
When applied to edibles, thoroughly wash crops prior to eating. Rub produce in hands under running water and pat dry. Produce with rinds, grooves, or waxy skins should be scrubbed with a brush under running water and dried prior to consumption. For leafy vegetables, remove outer layer, thoroughly rinse remainder, and pat dry.

Use Precautions
• Do not apply directly to new transplants, newly rooted cuttings, or drought stressed plants.
• Do not make applications when day time temperatures exceed 90° F.
• Prior to full scale application to plants spray an inconspicuous area and wait 24 hours to observe for potential damage. Also test blooms for sensitivity.

This product can be applied as long as spray head and liquid are not frozen. If product freezes, return to room temperature and use according to directions.

Directions For Use:
• For residential use only. Do not treat above ground food products or products in bags or boxes.
• Shake container well before using. Product is ready to use and does not need to be mixed or diluted.
• For residential use only. Do not treat food products or vegetables.

Important Use Information:
Do not submerge in water. When storing sprayer for long periods, remove batteries and hose, spay head and container. Place sprayer in a cool, dry area and keep container tightly closed. Before using sprayer, clean and rinse applicator by spraying for 10 to 15 seconds. Re-attach sprayer hose connector into knob on cap. To replace batteries, see marked diagram inside battery compartment.

Repack batteries: See marked diagram inside battery compartment.

Post Harvest
When applied to edible plants, thoroughly wash crops prior to eating. Rub crops in hands under running water and remove debris, dirt, clinging mud, or paste. Do not allow treated food products (such as fruits and vegetables) to come into contact with plants. For animals that eat livestock, poultry, or honey bees, exposure to this product may be harmful. Do not feed treated plants.

Uses Precautions
• Do not apply directly to new transplants, recently rooted cuttings, or drought stressed plants.
• Do not make applications when day time temperatures exceed 90°F. If full sun exposure to plants occurs within the sunlit area and must 24 hours to observe for potential damage. Also test crops before application. This product can be applied as long as spray head and liquid are not frozen. If product freezes, return to room temperature and use according to directions.

Storage & Disposal
STORAGE: Store in cool, dry area. When storing sprayer for long periods, remove batteries and hose, spay head and container. Place sprayer in a cool, dry area and keep container tightly closed. If product freezes, return to room temperature and use according to directions.

Disposal: Remove sprayer from the holder on side of bottle. Remove pull strip to activate batteries. Flip open wand until wand clicks and insert hose connector into opening on cap until it clicks. Twist head off to open Spary. Turn sprayer upside down to deposit remaining liquid. Pour gray spay head in “unlock” position to spray. When finished, save head in “unlock” position to spray. Fold head closed and place sprayer in the holder on side of bottle.
