DIRECTIONS FOR USE:

To kill and remove mold and mildew:

1. Adjust pressure washer to HIGH or MEDIUM setting.
2. Spray mold in areas to be treated. See attached Figure 1, Figure 2, or on packaging.
3. Allow formula to fully contact mold and become saturated. Do not let formula dry before allowing to work. Formula works better than a pressure washer by itself.
4. Allow to work for 10 minutes.
5. Rinse surface with water using HIGH pressure nozzle. 6. Spray surrounding plants with water (using a garden hose) after use. 7. Rinse container clean before filling with product.

STORAGE AND DISPOSAL:

Ensure tank is clean before filling with product. 3. Wash surface with cleaner using LOW pressure spray nozzle. Coat the area, working from the ground upward. 4. Allow to work for 10 minutes. 5. Rinse surface with water using HIGH pressure nozzle. 6. Spray surrounding plants with water (using a garden hose) after use. 7. Rinse container clean before filling with product.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: CORROSIVE. Causes irreversible eye damage and skin burns. Do not get in eyes, on skin, or on clothing. Wear goggles or safety glasses and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

FIRST AID:

IF IN EYES: Hold open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if not able to keep water down. Do not induce vomiting unless instructed to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

If this product contains a label to call a poison control center or doctor for treatment advice, physical and chemical hazards. This product contains an ingredient. Do not use in or near other chemicals. Prolonged contact of undiluted product with metal may cause pitting or discoloration. Environmental Hazards: This product is toxic to fish and aquatic organisms. To protect the environment, do not allow waste to enter storm sewers, ditches, or surface waters.

CAUTION: Do not mix acidic or basic cleaners with this product. This mixture may produce a flammable or toxic gas.
