**EPA Establishment No.** 0363-93L-521-S-001

**WARNING:**

- **For use on clean and dry surfaces only.**
- Do not use on painted or treated surfaces.
- **Do not use on painted or treated surfaces.**
- Keep out of reach of children and pets.

**APPLICATION**

- Use COCO PIZZ as a disinfectant and sanitizing solution in institutional, industrial, and veterinary settings.
- It is ideal for use in hospitals, schools, office buildings, police stations, and veterinary clinics.

**DIRECTIONS FOR USE**

1. **Surface Preparation:** Before applying COCO PIZZ, ensure the surface is clean and dry. Remove any excess dirt, grime, or other debris that may interfere with the solution's effectiveness.
2. **Application Process:** Spray COCO PIZZ directly onto the surface to be treated. Ensure thorough and even coverage.
3. **Contact Time:** Allow COCO PIZZ to remain in contact with the surface for at least 60 seconds. For severe infections or high-moisture environments, a longer contact time may be necessary.
4. **Post-Application:** After the contact time has expired, allow the surface to air-dry naturally. No rinsing is required.

**PRECAUTIONS**

- **For use on clean and dry surfaces only.**
- **Keep out of reach of children and pets.**
- Avoid contact with eyes, mouth, and mucous membranes.
- Wash hands thoroughly with soap and water after handling the solution.

**SAFETY DATA SHEET**

The safety data sheet for COCO PIZZ can be obtained from the manufacturer or downloaded from their official website. It provides detailed information on handling, storage, and disposal guidelines.

**FOR MORE INFORMATION:**

Contact COCO PIZZ's customer service for further information on product use, safety, and compliance with local regulations. Always read and follow the instructions and precautions provided on the product label or website.
