YOUR PRESCRIPTION FOR CRYSTAL CLEAR WATER

7% COPPER ALGAECIDE
Kills and Prevents Swimming Pool Algae

ACTIVE INGREDIENT:
Copper Ethanolamine Complex........51.4%
CAS No. 14215-52-2
OTHER INGREDIENTS:...............48.6%
TOTAL............100.0%

Metallic Copper Equivalent - 7.41%
This product contains 0.72 lbs. of elemental copper per gallon.

CHEMICAL HAZARDS
Do not mix this algaecide with soap or other cleaners. Do not premix with other water treating chemicals. These chemicals must be handled separately.

DIRECTIONS FOR USE
It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Dilute appropriate amount of product with at least nine parts water and pour directly into pool along the edges while the filter and pump are in operation. To allow time for even distribution in pool water, bathers must allow 10 minutes after treatment before entering pool.

INITIAL APPLICATION: Free of Visible Algae/Start of Season: Apply 2 oz. of this product per 5,000 gallons of pool water (or equivalent) under sunny conditions for most effective results. If algae growth is Visible: Apply initial dose, then vacuum pool after 24 hours to remove dead algae. If pool is heavy with algae growth, first brush algae spots, vacuum, clean and scrub the pool walls. Apply initial dose, then vacuum remaining algae debris.

MAINTENANCE DOSE: Apply 1 oz. of product per 5,000 gallons of pool water (or equivalent) every 5 to 7 days. Note: After heavy or prolonged rainfall, high prevailing temperatures, or heavy swimming use, add the maintenance dose more frequently.

Do not apply this product in a way that will contact adults, children, or pets either directly or through drift.

PRECAUTIONARY STATEMENTS
Hazard to Humans and Domestic Animals
CAUTION: Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control or doctor for treatment advice.

Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information, call the National Pesticide Information Center (NPIC) at 1-800-858-7378 seven days a week, 6:30 am to 4:30 pm Pacific Time.

ENVIRONMENTAL HAZARDS
This pesticide is toxic to fish.

STORAGE AND DISPOSAL
Do not contaminate water, food, or feed by storage or disposal. Store in original container in cool, dry place. Nonrefillable container. Do not reuse or refill this container. Wrap and put in trash or offer for recycling, if available.
