PRECAUCIÓN: Siempre siga las prácticas de seguridad recomendables al usar este producto, tales como asegurar el contacto con los niños y mascotas, guardar el producto fuera del alcance de los niños y mascotas, y evitar el contacto con los ojos y la piel. En caso de entrar en contacto con ojos o piel, enjuague abundantemente con agua. Para obtener información médica, llame al 1-800-225-2883.

ALMACENAMIENTO Y ELIMINACIÓN
Almacene el producto en un envase cerrado, en un lugar fresco y seco. Mantenga el envase cerrado firmemente. Una vez vacío, tire el envase a la basura o, si está disponible, ofrézcalo para reciclaje.

Safe to use around kids and pets when used as directed.

Ortho Home Defense Mosquito Killer with Essential Oils Ready-To-Use (32oz)
DIR ECTIONS FOR USE

GETTING STARTED: Thoroughly read and follow the directions on your specific battery, pump, or non-heated sprayer.

NOT FOR USE WITH ANY PROPANE OR ELECTRIC HEATED FOGGERS.

HOW TO APPLY

TO KILL MIDGE MOSQUITOS: Apply spray to areas where mosquitoes congregate from approximately 2 feet away, including plant leaves and stems. Some plants may require special attention to any dark, humid areas, as mosquitoes prefer to rest in these areas. Allow a few minutes for the product to take effect. Reapplication will be needed after rainfall, or 12 hours.

TO REPUL MIDGE MOSQUITOS: To create a mosquito repellent zone, spray in a slow sweeping motion toward the area to be treated. For best results, spray when the air is calm (i.e. under 5 mph) and work backwards to avoid drift. If product freezes, return to room temperature and use according to directions.

RESTRICTIONS

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Do not allow people or pets to enter treated area until spray has dried.

USE PRECAUTIONS

Do not apply this product to transplanted, recently seeded lawns or drought stressed plants. Do not make applications when temperature exceed 85°F (29 °C). Prior to full-scale application to plants, spray an inconspicuous area and wait 24 hours for to observe for potential damage. Any test before application. When operating around children, pets, or livestock, the wind can cause exposure resulting which may be harmful.

Spray at an air speed (i.e. under 5 mph) and work backwards to avoid drift. If product freezes, return to room temperature and use according to directions.

CAUTION: Always use good safety practices when using this product, such as avoiding contact with eyes and skin and keeping out of reach of children and pets. If eye or skin contact occurs, flush thoroughly with water. For medical information, call 1-800-225-2883.

STORAGE AND DISPOSAL

Store in original container in a cool, dry area. Keep container tightly closed. When container is empty, place in trash or offer for recycling if available.
RESTRICTIONS
On some properties, this product is a way that will contact any person or pet, either directly or through drift. Do not allow people or pets to enter treated area until spray has dried.

USE PRECAUTIONS
Do not apply directly to new transplants, newly rooted cuttings or drought stressed plants. Do not make applications when temperatures exceed 85°F. If spray drift is a problem in applications to landscape, use a wind direction indicator to avoid potential damage. Area test blisters for sensitivity. When spraying fruit trees, be careful to avoid excess residues which may be slippery.

Spray when air is calm (i.e. under 5 mph) and work backwards to avoid drift. If drift occurs, return to normal temperature and use according to directions.

CAUTION: Always use good safety practices when using this product, such as avoiding contact with eyes and skin and keeping out of reach of children and pets. If eye or skin contact occurs, flush thoroughly with water. For medical information, call 1-800-225-2883.
