• Anytime you suspect bed bug activity
• After treatment to ensure bed bugs have been eliminated
• When traveling to know whether or not bed bugs are present in hotels

In order to truly know whether or not you have bed bugs, you need to lure them away from their hiding places. The Ortho® Bed Bug Trap is a Pesticide-Free™ product that uses a scientifically proven attractant to lure bed bugs from their hiding places, helping you detect and trap them.

**DIRECTIONS FOR USE**

**HOW TO USE:**

1. **Detect and Trap Bed Bugs in Under an Hour**
   - Place stations near beds or in areas you suspect bed bug activity.
   - Easy to Use
   - Lures Bed Bugs Using a Scientifically Proven Attractant

   **LURE, DETECT, AND TRAP BED BUGS**
   - Monitor for bed bug activity by peeling the window label back.
   - Remove paper from glue card.

   **IN UNDER AN HOUR**
   - Bed Bug Trap
   - If bed bugs are present, snap the station closed to permanently trap and dispose in trash. To fully address problem, treat affected area with products to kill and control bed bugs.
   - Activate pheromone by pushing down the button on top of the station until you hear a click.
   - Attach glue card to the snap the station closed by pushing the clear window down and dispose in the trash.

   **IF NO BED BUGS ARE DETECTED AFTER 2 WEEKS:**
   - Pesticide Free

   To kill bed bugs and bed bug eggs:
   - Use only as a spot treatment or crack & crevice application in residences.
   - Spray in an inconspicuous area to test for bed bugs.
   - Apply in cracks and crevices on all surfaces for the entire room.
   - Spray all night until the next morning.
   - Repeat until all bed bugs are killed.
   - Treat the entire property by applying a thin layer of spray to all accessible surfaces.
   - Allow sprayed articles and surfaces to dry thoroughly before using or replacing bedding.

WHEN TO USE:

In order to truly know whether or not you have bed bugs, you need to lure them away from their hiding places. The Ortho® DUAL-ACTION BED BUG KILLER Pesticide Free—Guaranteed to Detect Bed Bugs† if you have them is a scientifically proven attractant that is guaranteed to lure bed bugs from their hiding places, helping you detect and trap them.

HOW IT WORKS:

LURE, DETECT, AND TRAP BED BUGS

1. Place stations near beds or in areas you suspect bed bug activity.
2. Monitor for bed bug activity by peeling the window label back.
3. If bed bugs are present, snap the station closed by pushing the clear window down and dispose in the trash.
4. Attach glue card to the bottom of the trap.
5. Activate pheromone by pushing down the button on the top of the trap.
6. Spray bugs directly when possible. Apply on and around bed frames, headboards, floors, carpeting, baseboards, furniture, ... human contact will occur. Also for spot treatment of luggage, closets, drapes and other window or wall appointments.

USE RESTRICTIONS:

This product is not for use on humans or animals. In the home, all food preparation and eating surfaces and utensils should be covered with plastic wrap, aluminum foil or other appropriate materials to protect from human contact with the product. Do not apply as a broadcast surface spray. Not intended for commercial applications.

NOTES:

†Pyrethroid-Resistant Bed Bugs

‡Federal regulations prohibit CFC propellants in aerosols.
