**SEED LABELING**

The user is responsible for ensuring that the treated seed container meets all of the requirements of the Federal Seed Act. The Federal Seed Act requires that the container of seed treated with Acceleron B-360 ST must be labeled with the following statements:

- This seed has been treated with LCO SP104.
- Do not use treated seed for food, feed or oil production.

In addition, the US Environmental Protection Agency requires the following statements on the container of seed treated with Acceleron B-360 ST:

- Wear long-sleeved shirt, long pants, shoes, socks, and gloves when handling treated seed.
- Store treated seed in a cool, dry location and do not allow access by children, pets, or livestock.
- Do not re-use empty seed containers.
- This product contains materials that are hazardous to the environment.

**CROP ROTATION**

There are no restrictions on crop rotation.
