LAWN WEED CONTROL

Kills Dandelions, clovers & Other Major Lawn Weeds

Kills the Weeds, Not the Lawn

Money Back Guarantee

Apply to a wet lawn.

HOW MUCH TO APPLY

For use on Kentucky Bluegrass, Fescue spp., Perennial Ryegrass, common Bermudagrass, Bahiagrass, Zoysiagrass, St. Augustinegrass, maximum broadcast application rate is 4.0 pounds of product per 1,000 sq.ft. per application. The maximum number of broadcast treatments per year is 2.

• For rotary spreaders: Operate at intervals corresponding to the swath width.
• For best results, apply this product uniformly and avoid streaks, skips or overlaps. Walk at a steady pace to ensure even coverage. Close the spreader opening when turning to change direction.

DROP SPREADERS:

• Set the drop spreader at the setting recommended by the manufacturer. Then apply 2 strips along each end. Then apply along length of lawn, overlapping slightly and shutting off the spreader as needed to prevent overlap.

SAFETY PRECAUTIONS

1. Avoid applying when temperatures are consistently above 90ºF.
2. If you are using a broadcast spreader, drop spreader or hand spreader, refer to chart below for appropriate application rates.
3. Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the treated area(s) until it is dry.
4. Do not apply this product to newly seeded grasses until well-established or after the second or third mowing.
5. Do not use on dichondra, carpetgrass, 'Floratam' St. Augustinegrass, creeping bentgrass, or turfgrass where desirable clovers are desired.
6. Do not apply this product to a lawn that has been sprayed with herbicides containing a systemic herbicide in the past 90 days.
7. Apply this product a minimum of 4 days after irrigation or rainfall is sufficient to bring granules to the soil surface. Apply evenly using a broadcast spreader and avoid applying directly to water bodies. Do not apply over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day.
8. Do not apply this product to areas where it may be washed off by natural precipitation or irrigation.
9. If you are using a drop spreader or hand spreader, avoid applying this product over water; apply when the treated area(s) are dry.
10. If these terms are not acceptable, return this product unopened immediately to the point of purchase for a full refund of the purchase price. All you need is a receipt and this product. If you still prefer a money back guarantee, return this product unopened immediately to the point of purchase for a full refund of the purchase price. All you need is a receipt and this product.
