# Natural Care + Flea & Tick Drops

**MADE WITH BOTANICAL OILS**

KILLS & REPELS fleas + ticks

**PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**HUMANS:**
Eye protection and gloves provide the best protection. Wash hands thoroughly with soap and water after use. Prolonged or frequent repeated skin contact may cause allergic reaction in some individuals. If irritation persists, contact a physician. For external use only.

**DOMESTIC ANIMALS:**
Sensitivity may occur after use of any product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs of sensitivity continue consult a veterinarian immediately. Consult a veterinarian prior to use on pregnant or nursing animals. For external use only.

**FIRST AID**
- **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lens, if present, after the first 5 minutes, then continue rinsing eye. If irritation persists contact a physician.
- **IF ON SKIN:** Wash with soap and water and repeat if necessary.
- **INHALATION:** Remove to fresh air.
- **INGESTION:** Immediately drink plenty of water. Do not induce vomiting. If symptoms persist, contact a physician.

**STORAGE:** Store only in original container in a cool, dry area.

**DISPOSAL:** Discard applicator in accordance with all Federal, State and Local regulations.

**IF EMPTY:** Do not reuse applicator tubes.

---

Natural Care + Flea & Tick Drops were created to provide safe and effective protection against harmful fleas and ticks when used as directed. Our unique blend of plant extracts is naturally sourced from Clove, Thyme and Cinnamon Oils that, when combined, create a strong yet gentle defense for your dog.

- KILLS & Repels Fleas & Ticks
- Easy-to-Open Applicators
- No Dosing Required
- Up to One Month Protection per application
- Made with Natural Botanical Oils
- Light Scent

This preventative is great to use in a home & pet protection, such as Natural Care Flea & Tick Spray.

**NOT FOR USE ON CATS OR KITTENS**

Read entire label before each use and use only in accordance with label instructions.

**For Use on Dogs Only in New Mexico:** For best results, dog's coat must be dry before application.** After each application, allow at least 24 hours before bathing or wetting. To avoid post-humous, be sure the solution has dried before allowing your dog to groom itself or other dogs. Dry may introduce infections or reactions. In order to help reduce the occurrence of fleas and ticks, this product should be used in conjunction with an existing program, by Natural Care Flea & Tick Shampoo prior to application of Natural Care Flea & Tick Drops.

**DIRECTIONS FOR USE:**
Apply once per month, not to exceed more than once every 2 weeks. Hold dog steady with one hand. With other hand, squeeze the neck of the applicator at the pinch point to break the seal (see diagram A). Squeeze the applicator to apply the liquid in a straight line from in-between the shoulder blades at the base of the neck and down to the base of the tail (see diagram B). When applying, use the tip of the applicator to part the dog's hair so the product reaches the dog's skin. Once the full dose has been applied allow the solution to be absorbed into the dog's coat. Dispose of used applicator directly after use.

If you have used a brand other than NATURAL CARE spray or spot-on products within the last 15 days, thoroughly wash the neck area with a mild soap before using Drops.
