If inhaled: Move person to fresh air. If not breathing, give mouth-to-mouth breathing. If breathing is difficult, give artificial respiration. Call a poison control center or doctor for treatment advice.
IF SWALLOWED: DO NOT INDUCE VOMITING UNLESS TOLD TO DO SO BY THE POISON CONTROL CENTER OR DOCTOR. DO NOT GIVE ANYTHING BY MOUTH TO AN UNCONSCIOUS PERSON.

INTENDED FOR INDUSTRIAL AND INSTITUTIONAL USE
Germicide* • Fungicide
STERILE UNLESS PACKAGE IS OPEN OR COMPROMISED
See side panels for additional precautionary statements and directions.

TOTAL:
Purified Water, USP

OTHER INGREDIENTS:
Acetic Acid, USP

ACTIVE INGREDIENTS:
Germicide:
- Septihol® (4% Ethanol Solution)
  - For use in institutions such as pharmaceutical plants, medical device manufacturers, veterinary clinics and other similar areas where disinfection, cleaning and deodorizing are necessary.
  - Effectiveness in the presence of organic soil (5% tobacco smoke) on hard, non-porous surfaces and may be used for easy cleaning and disinfecting of all washable hard, non-porous environmental surfaces such as floors, walls, washable woodwork, bathroom fixtures, equipment and furnishings. It may be used for cleaning and disinfecting chrome, stainless steel, other metal surfaces, porcelain, glass, tile, washable painted or varnished surfaces, as well as resilient drapery, asphalt, and paper products. It may also be used for the disinfection of industrial looms and printing presses. It may also be used for the disinfection of industrial looms and printing presses.

FUNGICIDE:
- Septihol® (4% Ethanol Solution)
  - When tested against Trichophyton mentagrophytes (ATCC 9533), it passes the A.O.A.C. Fungicidal Test in the presence of 5% organic soil (serum) in 5 minutes at 20°C. When tested against Pseudomonas aeruginosa (ATCC 15442), it passes the A.O.A.C. Fungicidal Test in the presence of 5% organic soil (serum) at 5 minutes at 5°C.

GERMICIDAL:
- Septihol® (4% Ethanol Solution)
  - For use in institutions such as pharmaceutical plants, medical device manufacturers, veterinary clinics and other similar areas where disinfection, cleaning and deodorizing are necessary. Septihol® (4% Ethanol Solution) is used in indoor areas where disinfection, cleaning and deodorizing are necessary. Septihol® (4% Ethanol Solution) is used in indoor areas where disinfection, cleaning and deodorizing are necessary.

PHYSICAL AND CHEMICAL HAZARDS:
Flammable liquid and vapor. Keep away from heat or open flame. Do not mix this product with other chemicals including: acids, oxidizing materials, halogens, peroxides, bases and metal salts.

PESTICIDE STORAGE:
Do not store near heat or open flame.

PESTICIDE DISPOSAL:
Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or residue in a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING:
Bleach bleaches. Do not reuse or refill this container. Offer for recycling, if available or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.

KEEP OUT OF REACH OF CHILDREN
WARNING: FLAMMABLE
Keep away from heat and open flame.

DIRECTIONS FOR USE
A general purpose of Septihol® is to help produce a product that is effective for the disinfection of hard, non-porous surfaces.

CLEANING WASHABLE, HARD, NON-POROUS SURFACES: Before disinfection begins, always sweep or dust mop area to be cleaned thoroughly, removing any gross filth. Apply solution with a cloth, sponge, mop, brush or coarse spray using normal cleaning methods. Allow treated surfaces to remain wet for 10 minutes, then remove excess solution with a wrung-out applicator. This is a complete product. Do not add or add chemicals. If soiled, rinse with water. Use only as checked.

STORAGE AND DISPOSAL:
Do not contaminate water, food, or feed by storage or disposal.

STORAGE:
Do not store near heat or open flame.

DISINFECTING WASHABLE, HARD, NON-POROUS SURFACES: Before disinfection begins, always sweep or dust mop area to be cleaned thoroughly, removing any gross filth. Apply solution with a cloth, sponge, mop, brush or coarse spray using normal cleaning methods. Allow treated surfaces to remain wet for 10 minutes, then remove excess solution with a wrung-out applicator. This is a complete product. Do not add or add chemicals. If soiled, rinse with water. Use only as checked.

DISINFECTING WASHABLE, HARD, NON-POROUS SURFACES:

DO NOT PRINT SPOT RED 202 DIE LINE TEMPLATE
