† When used as directed, bugs typically stop moving in 30 seconds or less.
WHERE CAN I USE PROOF INSTANT BED BUG CONTACT KILLER?

Use in indoor areas including homes, apartments, hotels, dormitories, schools, hospitals, offices, vehicles and other indoor spaces. Use on color-fast indoor surfaces or fabrics including beds, box-springs, mattresses, wood, linens, furniture, upholstery, curtains, rugs, suitcases, floors, ceilings, walls, windows, doors, baseboards, moldings, and most surfaces. Test in an inconspicuous place before use.

100% MONEY-BACK GUARANTEE:
If you are not satisfied with this product’s performance, we will gladly refund your original purchase price.

* Tested under laboratory conditions.
‡ When used as directed.

NOTICE:
Research and testing have determined the “Directions for Use” are appropriate for the proper use of this product under expected conditions. To the extent consistent with applicable law, user assumes responsibility for the lack of performance or safety if not used as directed.

GENERAL PRECAUTIONS:
• Proof Instant Bed Bug Contact Killer contains water and may damage any surface or materials that are prone to water damage. Always make a small inconspicuous spot treatment to test all surfaces for colorfastness, discoloration or damage before use.
• Do not spray around or in electrical sockets due to risk of electrocution.
• Avoid excessive dripping or run-off on surfaces.
• Treated surface may be slippery until dried.
• Wash hands thoroughly with water after handling.

PRECAUTIONARY STATEMENT / FIRST AID:
Caution. Causes eye irritation. If in eye, rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If irritation persists, get medical attention. For medical emergencies, call your poison control center at 1-800-222-1222 (24 hours). Have the product container or label with you when calling a poison control center, doctor, or seeking treatment.

STORAGE AND DISPOSAL
Storage: Store in a cool, dry place out of reach of children. Do not store in extreme heat or cold.
Container Handling and Disposal: Keep container tightly closed and in original container when not in use. Do not reuse or refill container.
Empty: Place in trash or offer for recycling if available.
Partly Filled: Call your solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Active Ingredient:
Sodium Lauryl Sulfate........................1%
Other Ingredients†..........................99%
TOTAL........................................100%
† Water, Isopropyl Myristate, White Mineral Oil, Glyceryl Monoleate

Manufactured by Terramera, Inc.
6920 Takuashan Pkwy, E-100, Ferndale, WA 98248

100% EFFECTIVE
Kills bed bugs on contact (bugs typically stop moving in 30 seconds or less). Safe to use around family and pets—gentle enough to use regularly. Leaves no harmful pesticide residue.

DIRECTIONS FOR USE:
How to Apply: Shake well before use. Thoroughly spray directly onto bed bugs and eggs and into cracks and crevices where bed bugs and eggs are found. Re-apply as needed by spraying any new bed bugs or eggs.
For Best Results: Be sure to inspect and spray any surfaces, folds, cracks and crevices where bed bugs and eggs may be hiding. When treating luggage, remove loose clothing and other articles, and treat the inside and outer surface of the suitcase, especially inside zippers, seams, tufts and pockets.

This is a minimum risk pest control product and qualifies for exemption from EPA registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

STOP. READ THE ENTIRE LABEL BEFORE USE.
