leas that may cause this condition.

STORAGE AND DISPOSAL
STORAGE: Store in a cool, dry place away from direct sunlight to ensure the product
solution has dried. If signs of salivation continue or other clinical signs are noted, please call
consult your veterinarian or call 800-234-2269. This product is not a substitute for a prescribed
heartworm preventative.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS
HAZARDS TO HUMANS – Causes moderate skin irritation. Avoid contact with eyes or clothing. Wash your hands thoroughly with soap
and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Repetitive exposure to this product can cause skin irritation. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS – For External Use on Cats Only. Do not use on kittens weighing less than 2.5 pounds. Do not use on kittens less than 12 weeks old. Contact a veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Due to the bitter taste of the product, pets exposed could ingest it voluntary. Be careful not to get any product on the cat’s mouth during application. For multiple cat households, prevent the cats from grooming each other after the treatment has been applied. If the product is swallowed, do not induce vomiting. Call your veterinarian or call 800-234-2269. This product is not a substitute for a prescribed treatment prescription.
