PRECAUTIONARY STATEMENTS

Hazard To Humans and Domestic Animals

DANGEROUS: Aluminum phosphide is very toxic. Irritant to eyes, skin, and respiratory system. Ingestion can cause severe injury, pulmonary edema, and possibly death. Spontaneous combustion may occur. Do not store food or feed in close proximity to this pesticide. Do not use this product in or near any building where humans or domestic animals reside. Keep out of reach of children.

PH3 ALP Fumigant Tablets must be kept in place and out of reach of children and pets. Do not store in the same area as food or feed. Do not contaminate food or feed with this product. Do not contaminate food or feed by storage in the same areas used to store these commodities.

Storage Instructions

1. Store PH3 ALP Fumigant Tablets in a dry, well-ventilated area away from heat, under lock and key. Place as a pesticide storage area.

2. Keep away from humans or domestic animals inside. Keep out of reach of children.

3. PH3 ALP Fumigant Tablets are supplied in small, tight, moisture resistant aluminum foil. Do not expose the product to moisture. Storage of a pesticide in an area where it is necessary to resort to quickly sealing the product to prevent physical or water induced deterioration is prohibited.

Pesticide Disposal

Do not contaminate water, food or feed or disposal. Inconsequential or partially reacted PH3 ALP can be disposed of as an acutely hazardous waste. Proper disposal procedures must be followed with appropriate local authorities.

Disposal of Crane Addiction

Shall be disposed of in the same manner as for normal disposal. This pesticide is subject to the terms of the American Petroleum Institute Waste Disposal Code. Proper disposal procedures must be followed with appropriate local authorities.

The above statements require compliance with applicable federal, state, and local regulations.

NOTICE: Read the entire directions for use and cautionary statements and limitations of liability in the Applicant's Manual before using this product. If the terms are not acceptable, return the product at once, accompanied by the container and all unused portions of the product.

Rule 203, Division 1200, Administrative Code of Wisconsin, creates a statewide pesticide applicator regulation system. A Certified Applicator permit is required for the application of toxic and restricted use pesticides.

The Wisconsin Department of Agriculture, Trade and Consumer Protection, through the Wisconsin Pest Management Office, is coordinating these pesticide regulations with the Wisconsin Department of Natural Resources for toxic and restricted use pesticide regulations.
