Systemic disease control

Prevents lawn diseases before they happen

Works up to 4 weeks for certain diseases

ACTIVE INGREDIENT:
Propiconazole . . (CAS No. 60207-90-1) .... 1.55%
OTHER INGREDIENTS: ................................ 98.45%
TOTAL: .............................................. 100.00%
EPA Reg. No. 53883-184-4       EPA Est. No. 4-NY-1

Keep Out Of Reach Of Children
CAUTION
(See Additional Precautionary Statements on back panel)
Net Contents 1 Quart (32 FL. OZ.) (946 ML.)

Prevents and controls major diseases on roses, flowers, lawns, trees and shrubs
✓ Broad spectrum and systemic disease control on roses, flowers, home lawns, trees, and shrubs

✓ Controls black spot, blights, brown patch, powdery mildew, rust, scab, and more

✓ Prevents a large variety of diseases on home lawns and ornamentals

✓ Works up to 4 weeks for certain diseases
DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product must not be used in the production of agricultural commodities grown for resale.

READ ALL INSTRUCTIONS INSIDE BEFORE USE.

FOLLOW ALL DIRECTIONS FOR USE AND PRECAUTIONS ON THIS LABEL. POOR DISEASE CONTROL OR INJURY TO DESIRABLE PLANTS MAY RESULT FROM IMPROPER USE OF THIS PRODUCT.

DO NOT APPLY THIS PRODUCT IN A WAY THAT WILL CONTACT ADULTS, CHILDREN, OR PETS, EITHER DIRECTLY OR THROUGH DRIFT.

DO NOT ALLOW ADULTS, CHILDREN, OR PETS TO ENTER THE TREATED AREA UNTIL SPRAYS HAVE DRIED.

DO NOT use food utensils, such as measuring cups and spoons, for food purposes after use in measuring pesticides.

PRODUCT INFORMATION

This product is a water-based systemic fungicide which effectively prevents and controls major diseases on roses, flowers, lawns, trees, and shrubs.

This product is very effective when used for disease prevention or applied at the first sign of disease. Best results occur when treating early in the season. If disease is already present, this product will not eliminate it.
This product, when used as directed, is safe to plants and controls the diseases listed on this label. The use on plants or diseases not listed on the label may result in plant injury and poor disease control. Do not apply this product to African violets, begonias, Boston ferns, or geraniums. Contact your local County Extension Service if you need additional information about lawn and ornamental diseases.

READY TO SPRAY DIRECTIONS FOR USE OUTDOORS ON ROSES, FLOWERS, HOME LAWNS, TREES AND SHRUBS

HOW TO USE THE READY-TO-SPRAY SYSTEM

Connect
1. Shake well before using.
2. Connect sprayer to hose.
3. Turn on water.

Spray
1. To begin spraying, point nozzle in the direction you want to spray.
2. [Bend small plastic tab back and] Turn knob [clockwise] to ON position.
3. Spray evenly to the area to be treated.
   Refer to the [sight gauge] clear view strip (graduated scale) on the side of the container to determine the amount of product sprayed.

Finish
1. To stop spraying, [turn knob counter clockwise] to OFF position.
2. Turn off water.
3. Relieve water pressure slowly by [bending plastic tab back and] turning knob to ON position until water slows to a drip. Then turn knob back to OFF position.
4. Disconnect sprayer from hose.
**APPLICATION RATES**

**ROSES AND FLOWERS**

- Apply product to the point of run off.
- Before watering, allow spray to fully dry.

LAWNS

- Apply the product to the lawn after mowing or allow the area sprayed to dry completely prior to mowing.

- Prior to application, measure the length and width of area to be treated. Length x width = square feet. (For example, an area 30 ft. long and 20 ft. wide is 600 sq. ft.)

Established Lawns

**Storage and Disposal**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Store in cool, dry area away from children and domestic animals.

**Pesticide Disposal:** Pesticide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

**Container Handling:** For containers equal to or less than 5 gallons:** Non-refillable container. Do not reuse or refill this container. Clean container promptly. Triple rinse (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by other procedures approved by state or local authorities.
### FIRST AID

**IF SWALLOWED:**
- Call a poison control center or doctor immediately for treatment advice.
- Have person sip a glass of water if able to swallow.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:**
- Take off contaminated clothing.
- Rinse skin immediately with plenty of water for 15-20 minutes.
- Call a poison control center or doctor for treatment advice.

**IF INHALED:**
- Move person to fresh air.
- If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible.
- Call a poison control center or doctor for further treatment advice.

**IF IN EYES:**
- Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advice.

**Note to Physician:** If ingested, induce emesis or lavage stomach. Treat symptomatically.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact SafetyCall® (866) 897-8050 for emergency medical treatment information.
PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed.

ENVIRONMENTAL HAZARDS
This product is toxic to fish and shrimp. Do not apply directly to water, or to areas where surface water is present, or to inter-tidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate.
Bonide Products warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the Directions For Use. It is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Bonide Products. To the extent allowed by law, Bonide products shall in no event be liable for consequential, special, or indirect damages resulting from the use or handling of this product.
