The dual action of Ortho® GroundClear® Weed & Grass Killer Super Concentrate kills all types of weeds and grasses. One ingredient works on contact with visible results within hours. The other two ingredients are absorbed and move within the plant, penetrating deep to kill down to the root.

**HOW IT WORKS**
- Use on established and non-annual weeds and grasses.
- Controls annual weeds and grasses within hours.
- Controls perennial weeds and grasses in 1-2 weeks.

**WHERE TO USE**
- Lawn renovation
- Preparing landscaped areas
- Along fences, around buildings
- Gravel or mulch beds
- Patios, walkways, driveways

**HOW TO MIX**
- Use a tank sprayer made of plastic, aluminum or stainless steel.
- For best results, odorless and colorless sprays are preferred.
- Combine 10 fl. oz. to 1 gallon of water.

**HOW TO APPLY**
- Apply when air is calm to prevent drift to desirable plants.
- Do not spray plants you desire to keep. You may use a cardboard or plastic sheet to catch drift.
- Spray only the weeds you want to kill. Thoroughly wet the foliage to cover but do not use excess water.
- Do not use measuring utensils such as cups and spoons for food products. Replace them.

**WHAT TO EXPECT**
- Sprayed weeds usually begin to wilt within hours after application, with complete kill within days to 1 week.
- A single application controls most listed weeds.
- Reproductive structures of treated weeds remain alive after treatment.
- Personal landscape plants, trees, and shrubs may be damaged if inadvertently sprayed.

**LAWN RENEWAL/REPLACEMENT**
- Use Ortho® GroundClear® Weed & Grass Killer Super Concentrate to kill grass and weeds before planting new lawn.
- Do not spray areas to be planted with sod or seed until after planting.
- Do not apply within 12 inches of ornamental plants or 36 inches of edible plants.
- Do not apply to soil where plants are to be planted.

**RECOMMENDATIONS**
- Spot treat or spray uniformly over 350 sq. ft.
- For general weed control, add 5 fl. oz. (½ cup + 2 tablespoons) to 1 gallon of water.
- For established and difficult to control weeds, add 10 fl. oz. (1¼ cups) to 1 gallon of water.

**USES**
- Lawn renovation
- Preparing landscaped areas
- Along fences, around buildings
- Gravel or mulch beds
- Patios, walkways, driveways

**WEEDS CONTROLLED**
- Annual weeds and grasses
- Perennial weeds and grasses

**SAFETY**
- Wear protective clothing and eyewear.
- Do not allow pets to enter the treated area until sprays have dried.
- Perennial landscape plants, trees, and shrubs may be planted after spraying.
- Keep pets and children out of the treated area during application.
- Do not use on or around food or feed crops.
- Do not mow, cut or disturb treated vegetation for at least 7 days following application.
- If desirable plants are accidentally sprayed, rinse them off immediately with plenty of water.
- Do not spray plants you desire to keep. You may use a cardboard or plastic sheet to catch drift.
- Before application, water the area at least 1 day before spraying.
- Do not spray weeds if the temperature is above 60°F.
- Do not spray to runoff.
- Use Ortho® GroundClear® Weed & Grass Killer Super Concentrate to kill grass and weeds before planting new lawn.
- Do not spray areas to be planted with sod or seed until after planting.
- Do not apply within 12 inches of ornamental plants or 36 inches of edible plants.
- Do not apply to soil where plants are to be planted.

**DISCLAIMER**
- Scotts Miracle-Gro and its subsidiaries are not responsible for any loss, injury, or property damage incurred as a result of any act or omission on the part of the consumer or user of this product.
This pesticide is toxic to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that drift from the application will not occur. Rinsing application equipment over the treated area will help to wash any product down any indoor or outdoor drain.

Emergency Assistance (Spill, Leak, Fire or Accident) call 1-877-465-5161.

For 24 Hour Medical Emergency Assistance (Human or Animal) or Chemical HOTLINE NUMBER:
1-877-465-5161 for emergency medical treatment information.

Contact person who handled and before eating, drinking, chewing gum, using tobacco, or using the toilet. Promptly and frequently washed hands should be avoided as much as possible to prevent contact with skin. If skin contact occurs, take off contaminated clothing. Rinse skin immediately with soap and water. If skin irritation or rash occurs, get medical help immediately.

CAUTION:
Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

FIRST AID:
If inhaled: Get person to fresh air. If not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice.

If swallowed: Call a poison control center or doctor immediately at phone number listed. Do not induce vomiting. Get medical help or contact a poison control center or doctor if you feel ill. Do not give anything by mouth to an unconscious person.

If on skin: Wash thoroughly with soap and water. If skin irritation or rash occurs, get medical help immediately.

INHALED:
If symptoms occur, seek medical assistance immediately.

IF IN EYES: Rinse well with water. If irritation persists, get medical help immediately.

IF ON CLOTHING: Remove clothing immediately. Wash clothing before reuse.

STORAGE & DISPOSAL:
Do not container waste, food, feedstuffs and domestic water supplies.

Container Handling:
Nonrefillable container. Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled:
Nonrefillable container. Do not reuse this container. Place in trash or offer for recycling if available.

If empty:
Container Handling:
Place in trash or offer for recycling if available. Place in trash or offer for recycling if available. If unsure of disposal methods, contact your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS:

HAZARDS TO HUMAN AND DOMESTIC ANIMALS:

CAUTION:
Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

MODO DE EMPLEO:

1. **CÓMO FUNCIONA**
2. **DÓNDE USARLO**
3. **CÓMO APLICARLO**
4. **CÓMO MEZCLARLO**

**COMENTARIOS**

La doble acción del tratamiento para malezas y gramas GroundClear® elimina todo tipo de malezas y gramas. Un ingrediente trabaja al contacto, con resultados visibles en cuestión de horas; los otros dos son absorbidos y se mueven por el interior de la planta para eliminar desde la raíz.

**CÓMO USARLO**

- Remueva los granos, raíces y semillas pequeñas de malezas y gramas.
- En agua corriente, limpie las herramientas y utensilios de medición con agua y jabón.
- En la preparación de áreas despejadas, use agua y jabón para eliminar residuos de malezas y gramas.

**CÓMO APLICARLO**

- Básicamente, las malezas que desea extinguir deben ser benéficas completas y altamente visibles, pero no los granos que se mueven.
- Para obtener los mejores resultados, aplique cuando las malas hierbas están creciendo de manera acelerada y la temperatura del aire rebasa los 16 °C.
- No rocía plantas que desee conservar. Puede usar un protector de cartón o de plástico para proteger del rocío las plantas que desee conservar.
- Si rocía accidentalmente plantas que no desea eliminar, enjuáguelas con agua de inmediato.

**CÓMO MEZCLARLO**

- Debe obtener instrucciones sobre cómo eliminar el producto. Nunca elimine el producto no utilizado en drenajes internos o externos.
- Mantenga el envase cerrado y alejado de alimentos, pienso y tomas de agua.
- Almacenamiento del pesticida:
  - No contamine el agua, la comida ni el pienso para animales al almacenar o usar el pesticida.
  - Si está vacío: Este envase no se puede rellenar. No vuelva a usar este envase una vez vacío.
  - Si está parcialmente lleno: debe contener agua de inmediato.
  - Si está lleno: debe contener agua de inmediato.

**RENOVACIÓN/REEMPLAZO DE PRADOS**

- **Antes de renovar o reemplazar con semillas o con tepes, use el Herbicida para malezas y gramas GroundClear® superconcentrado de Ortho® para eliminar la grama y las malezas antes de sembrar o replantar con tepes.**
- **Al almacenar y eliminar el producto:** Almacenamiento del pesticida: Guardar en un lugar fresco y seco. Mantenga el envase cerrado y apartado de alimentos, pienso y tomas de agua.
- **Si está vacío:** No se puede rellenar. No use a un estante externo. Mantenga todo el envase sellado en un lugar fresco y seco.

**ALMACENAMIENTO Y ELIMINACIÓN**

- **Vendedores:** Envaso para el manejo del producto.
- **El vendedor:** Encargue un vendedor de productos para eliminar el producto.

**RÓTULOS**

- **Alcance de control:** En los lugares donde se rocie el Herbicida para malezas y gramas GroundClear® de Ortho® para eliminar la grama y las malezas antes de sembrar o replantar con tepes.
- **Recomendaciones:** Use el Herbicida para malezas y gramas GroundClear® superconcentrado de Ortho® para eliminar la grama y las malezas antes de sembrar o replantar con tepes.
- **Adicional:** Agítelo suavemente antes de usar.
- **Adicional:** Para el control general de malezas, añada 148 ml (½ taza+2 cucharadas) de producto a 1 galón de agua.

**EMPLEO**

- **Rocío de fertilizantes:** A lo largo de cercas u otros edificios.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.

**LUGAR**

- **Rocío de fertilizantes:** En el mantenimiento del jardín.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.
- **Rocío de fertilizantes:** En el mantenimiento del jardín.
This pesticide is toxic to aquatic invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems.

PRECAUTIONARY STATEMENTS

IF ON SKIN
Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-465-5161 for emergency medical treatment information.

HOTLINE NUMBER:
For 24 Hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire or Accident) call 1-877-465-5161.

Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

FIRST AID

ENVIRONMENTAL HAZARDS

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:
Store in a cool, dry place. Keep container closed and away from food, feedstuffs, and domestic water supplies.

Container Handling
If empty:
Non-refillable container. Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled:
Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION:
Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, smoking, using any electronic device, or using the toilet. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.
